Dear Colleagues,

It gives us immense pleasure to invite you to WIROC Global 2022.

We have faced the pandemic bravely for the last 18 months and have 'Adapted & Evolved' to pace the Academics and Learning process in these challenging times. WIROC Global is based on the BOS Presidential theme of 'Adapt & Evolve' and will bring out the best of adaptations and evolutions that orthopaedics has undergone recently. With the insights from the pandemic and the rich tradition of Bombay Orthopaedic Society & WIROC, we have formulated a grand vision of 'WIROC GLOBAL' that we assure will be an enriching event for every delegate.

WIROC Global is planned to be a full-fledged physical event with maximum academic time. We are offering a 'Live Surgery Platter' to the delegates with a preview of 5 operation theatres running parallel with Live discussions and planned 25 surgeries for the viewers. The live surgery session will be followed by a 'Meet the Master' session with more than 40 masters presenting their surgical videos and tips and tricks. Academic symposia that from the core attraction of WIROC academics will also have select free papers being presented during relevant sessions. This will ensure our young researcher could present to the best in the field and get the due relevance. There will be hands-on-workshops with dedicated Instructional Course Lectures running on all days of the conference. The plenary Dr. A. K. Talwalkar Symposium this year focuses on Open Fractures which is one of the most common problems in clinical practice and will interest everyone. Other plenary sessions of WIROC namely Dr. R. J. Katrak Oration, K. T. Dholakia Eponymous Lecture and the Veteran and Young surgeons forum with Masalawala best paper session together constitute the 'Academic Pinnacle' of WIROC Global

This year we have initiated an extensive BOS outreach program at WIROC Global. We have the National Outreach with five zones of Indian Orthopaedic Association namely, West, North, OASIS, NEROSA and Central zone participating with us with the best of their academics. We have forged a huge International Academic partnership and we are glad to say that more than 60 orthopaedic societies from the nation and internationally are now participating at WIROC Global. These specialised societies will be conducting dedicated sessions at WIROC Global and will bring an amazing array of expert speakers from across the world to the WIROC Global Platform. This huge virtual component of WIROC Global will be running 24 hours Live academic deliberations with the participation of countries and societies from across the Globe promoting the tag 'WIROC that does not Sleep'

The heavy dose of academics is balanced by a huge opportunity to socialise with friends, network with colleagues and build bonds with industry partners. The entertainment and social events are planned to meet the high standards of WIROC and BOS and to create an unforgettable experience for all delegates

The conference will have the live surgery day on 24th March followed by a full-fledged 3-day physical event from 25-27 March 2022, at Renaissance Powai, Mumbai. Attractive rates and packages have been negotiated to receive a maximum number of delegates.

The organising team is working hard to plan an unforgettable and enriching experience for all of us and we look forward to hosting you at WIROC Global

| 08.00 AM – 08.10 AM | Case Discussion 1: Dr. Kailash Patil | | Moderator: Dr. Sunny Gugale Chairperson: Dr. Rajeev Joshi |
| 08.10 AM – 08.20 AM | Case Discussion 2: Dr. Sahil Sanghavi | | |
| 08.20 AM – 08.30 AM | Case Discussion 3: Dr. Sunny Gugale | 10.00 AM – 11.30 AM | Total Hip Replacement Surgery: Dr. Rajeev Joshi, Dr. Sahil Sanghavi Moderator: Dr. Atul Patil Chairperson: Dr. Parag Sancheti |
| 08.30 AM – 08.40 AM | Case Discussion 4: Dr. Chaitrali G. | | |
| 08.40 AM – 09.00 AM | Case Discussion 5: Dr. Shailesh Hadgaonkar | 11.30 AM – 01.00 PM | Complex TKR in Valgus Deformity: Dr. Parag Sancheti, Dr. Sunny Gugale Moderator: Dr. Sahil Sanghavi Chairperson: Dr. Kailash Patil |
| 09.00 AM – 10.00 AM | Complex TKR in Varus Deformity: Dr. Parag Sancheti, Dr. Kailash Patil | | |

DAY 1: THURSDAY, MARCH 24, 2022 | LIVE SURGERY PROGRAM

01.00 PM – 02.00 PM VDRO Surgery / DDH Surgery: **Dr. Sandeep Patwardhan,**
Dr. Chaitrali G., Dr. Vivek Sodhai
Moderator: **Dr. Chetan Puram**
Chairperson: **Dr. Chetan Pradhan**

02.00 PM – 03.00 PM O-ARM Guided Spine Surgery: **Dr. Shailesh Hadgaonkar, Dr. Pramod Bhilare**
Moderator: **Dr. Siddharth Aiyer**
Chairperson: **Dr. Ajay Kothari**

WADIA HOSPITAL

Convener: Dr. Rujuta Mehta | Co-Conveners: Dr. Alaric Aroojis, Dr. Arjun Dhawale
AV Incharge: Dr. Mandar Agashe, Dr. Sandeep Vaidya

08.00 AM – 08.05 AM **Case Discussion 1**

08.05 AM – 08.10 AM **Case Discussion 2**

08.10 AM – 08.15 AM **Case Discussion 3**

08.15 AM – 08.20 AM **Case Discussion 4**

08.20 AM – 08.25 AM **Case Discussion 5**

08.25 AM – 08.30 AM **Case Discussion 6**

08.30 AM – 09.30 AM Bilateral genu valgum 8 plate: **Dr. Sandeep Vaidya, Dr. Mandar Agashe**

Moderators: **Dr. Rujuta Mehta, Dr. Chasanal Rathod**
Chairperson: **Dr. Arjun Dhawale**

09.30 AM – 10.30 AM OBPP shoulder sequelae – conjoined tendon transfer: **Dr. Rujuta Mehta, Dr. Arjun Dhawale**

Moderators: **Dr. Mandar Agashe, Dr. Tushar Agarwal**
Chairperson: **Dr. Atul Bhaskar**

10.30 AM – 11.30 AM Left elbow cubitus varus corrective osteotomy: **Dr. Mandar Agashe, Dr. Sandeep Vaidya**

Moderators: **Dr. Alaric Aroojis, Dr. Tushar Agarwal**
Chairperson: **Dr. Atul Bhaskar**

11.30 AM – 12.30 PM Right genu valgum distal femur corrective osteotomy: **Dr. Alaric Aroojis, Dr. Mandar Agashe**

Moderators: **Dr. Arjun Dhawale, Dr. Chasanal Rathod**
Chairperson: **Dr. Rujuta Mehta**

12.30 PM – 01.30 PM Congenital Muscular Torticollis unipolar release: **Dr. Rujuta Mehta, Dr. Alaric Aroojis**

Moderators: **Dr. Sandeep Vaidya, Dr. Premal Naik**
Chairperson: **Dr. Alaric Aroojis**

01.30 PM – 02.30 PM Milch for lateral condyle humerous non-union: **Dr. Alaric Aroojis, Dr. Mandar Agashe**

Moderators: **Dr. Rujuta Mehta, Dr. Sandeep Vaidya**
Chairperson: **Dr. Premal Naik**

02.30 PM – 03.30 PM EOS with scoliosis growth rod insertion / casting: **Dr. Arjun Dhawale**
Moderators: **Dr. Arjun Dhawale, Dr. Abhay Nene**
Chairperson: **Dr. Swapnil Keny**

GLOBAL HOSPITAL

Conveners: Dr. Nagraj Shetty, Dr. Abhay Narvekar

Vertebroplasty: Dr. Nikhil Arbatti |

DAY 1: THURSDAY, MARCH 24, 2022 | MEET THE MASTERS PROGRAM

| TIME | Hall A | Hall B | Hall C | Hall D | Hall E |
|------|--------|--------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|--------|
| | | | <p>10. Alignment and Balancing – hitting the sweet spot with Robot!: Dr. Vaibhav Bagaria</p> <p>11. Conventional THR: Dr. Eknath Pawar</p> <p>12. Extraction of the acetabular cup using Explant system</p> <p>13. Hip spacer reconstruction – ETO: Dr. M. M. Desai</p> <p>14. TKR – for aseptic loosening of the knee – Hinge TKR</p> <p>15. Total shoulder replacement: Dr. Parag Munshi</p> | | |

INTENSIVE CAPSULE LEARNING

THREADBARE A2Z INTERACTIVE DISCUSSIONS

06.00 PM - 07.30 PM | FRIDAY, MARCH 25, 2022

SUBTROCHANTERIC FRACTURE

Conveners: Dr. D. D. Tanna, Dr. B. Shivashankar, Dr. Navin Thakkar, Dr. Satish Mutha, Dr. Jawahar Jethwa

OA KNEE IN YOUNG

Conveners: Dr. Mangal Parihar, Dr. Aryn Rajani, Dr. Jay Shah, Dr. Divya Ahuja

PROLAPSED INTERVERTEBRAL DISC

Conveners: Dr. Samir Dalvie, Dr. Ashok Rathod, Dr. Dhiraj Sonawane, Dr. Sachin Patil

SCAPHOID

Conveners: Dr. Pankaj Ahire, Dr. Parag Lad, Dr. Warid Altaf

06.00 PM - 07.30 PM | SATURDAY, MARCH 26, 2022

INTRA-ARTICULAR TIBIAL PLATEAU FRACTURE

Conveners: Dr. Swapnil Kothadia, Dr. Chetan Pradhan, Dr. Ashish Phadnis, Dr. Abhijit Kale, Dr. Chetan Puram

CLAVICLE - END TO END

Conveners: Dr. Wasudeo Gadegone, Dr. R. M. Chandak, Dr. Dipit Sahu, Dr. Prasad Bhagunde

SPINAL TRAUMA

Conveners: Dr. Gautam Zaveri, Dr. Bhavuk Garg, Dr. Sandeep Sonone, Dr. Shailesh Hadgaonkar

PAEDIATRIC SUPRACONDYLAR HUMERUS FRACTURE

Conveners: Dr. Sandeep Patwardhan, Dr. Mandar Agashe, Dr. Chintan Doshi

DAY 2 | FRIDAY, MARCH 25, 2022 | PLAN: CME & ICL

| TIME | Hall A | Hall B | Hall C | Hall D |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 08.30 AM – 09.50 AM | <p>PROXIMAL FEMUR HIGH ENERGY FRACTURES</p> <p>Conveners: Dr. Ashish Phadnis, Dr. Ashish Agarwal</p> <p>Chairpersons: Dr. Abhay Kulkarni, Dr. Rajendra Wankhede</p> <p>Speakers: Dr. Chetan Pradhan, Dr. Sushrut Babhulkar, Dr. Sunil Kulkarni, Dr. Vijay Kakatkar</p> <ol style="list-style-type: none"> 1. Rethinking the solutions for the young femoral neck fracture: Dr. Sushrut Babhulkar (7 + 3 Mins) 2. Unravelling Bifocal Femur Fractures: Dr. Chetan Pradhan (7 + 3 Mins) 3. Multi-fragmentary Fractures – Getting it right the first time: Dr. Sunil Kulkarni (7 + 3 Mins) 4. Accept or reoperate – Case-based discussions: Dr. B. Shivashankar (7 + 3 Mins) 5. Failed Fixation – Getting it right the second time: Dr. Vijay Kakatkar (7 + 3 Mins) 6. Condylar Blade Plate: Old Bottle New Wine: Dr. Wasudeo Gadegone (7 + 3 Mins) <p>FREE PAPERS - TRAUMA (5 + 1 MIN)</p> <ol style="list-style-type: none"> 1. Restoration of proximal femoral geometry in skeletally matured patients with inter-trochanteric fractures by using radiological parameters and its correlation with patient's clinical outcome: Dr. Karan Pandav | <p>MANAGEMENT OF AVULSION INJURIES AROUND THE KNEE</p> <p>Conveners: Dr. Nagraj Shetty, Dr. Mihir Patel</p> <p>Chairpersons: Dr. Kumar Dussa, Dr. Tushar Jimulia</p> <p>Speakers: Dr. Abhay Narvekar, Dr. Parag Sancheti, Dr. Nagraj Shetty, Dr. Mihir Patel</p> <ol style="list-style-type: none"> 1. ACL avulsion Fracture (Arthroscopic repair techniques & Treatment Algorithm): Dr. Abhay Narvekar (7 + 3 Mins) 2. MCL Avulsion Injuries (Femoral & Tibial) – Repair Techniques and Treatment Algorithm: Dr. Nagraj Shetty (7 + 3 Mins) 3. Extensor Apparatus Avulsions (Quadriceps tendon, Patella tendon) – Repair principles, techniques: Dr. Shreyas Gajjar (7 + 3 Mins) 4. Meniscus Root Avulsions – Identification, Arthroscopic Repair techniques and results: Dr. Parag Sancheti (7 + 3 Mins) 5. PCL fossa avulsions (Open & Arthroscopic repair techniques; Treatment Algorithm): Dr. Mihir Patel (7 + 3 Mins) 6. Case-Based Discussion: All Faculty (12 Mins) <p>FREE PAPERS – ARTHROSCOPY (5 + 1 MIN)</p> | <p>HIP ARTHROPLASTY</p> <p>Convener: Dr. Shubhranshu Mohanty</p> <p>Chairpersons: Dr. Rajeev Joshi, Dr. Eknath Pawar</p> <p>Speakers: Dr. Mahesh Kulkarni, Dr. Javahir Pachore, Dr. Sanjay Agarwala, Dr. Swapnil A. Keny, Dr. Jayesh Baviskar, Dr. Pradeep Bhosale, Dr. Akash Saraogi, Dr. Atul Panghate, Dr. Girish Dewnany, Dr. Siddhart Yadav</p> <ol style="list-style-type: none"> 1. Select a stem for a primary THA – Are all same?: Dr. Mahesh Kulkarni (6 Mins) 2. Understanding Hip – Spine relationships – Does it matter?: Dr. Javahir Pachore (6 Mins) 3. Prevention of Dislocation in THA – Tips & tricks in 2022: Dr. Pradeep Bhosale (6 Mins) <p>Discussion (7 Mins)</p> <p>4. Case Presentation – Debate (30 Mins) Case Presenter: Dr. Mayank Vijayvargia</p> <ol style="list-style-type: none"> a) Dual mobility / Standard THA – 60 years male with Garden-3 Transcervical Fracture: Dr. Sanjeev Jain, Dr. Jayesh Baviskar b) Ceramic on Ceramic / Ceramic on PE – 44 years Male with AVN hip: Dr. Akash Saraogi, Dr. Atul Panghate c) Anatomic centre / High hip centre – 32 years female with Crowe type 3 dysplasia: Dr. Girish Dewnany, Dr. Sidharth Yadav | <p>PITFALLS IN MUSCULOSKELETAL RADIOLOGY</p> <p>Conveners: Dr. Kshitij Chaudhary, Dr. Malini Lawande</p> <p>Chairpersons: Dr. Anand Thakur, Dr. Rajesh Gandhi</p> <ol style="list-style-type: none"> 1. Role of Contrast MRI in Orthopaedics: Dr. Malini Lawande 2. Communication is the key to avoid radiological misdiagnosis: Dr. Aditya Daftary 3. Pitfalls in radiological diagnosis of bone tumors: Dr. Chinmay Mehta 4. How not to miss epiphyseal injuries in children: Dr. Sandeep Vaidya 5. Radiological differentiation of Inflammation versus Infection: Dr. Malini Lawande 6. Mistakes in interpretation in bone mineral densitometry (DXA): Dr. David Chandy 7. Clinical and MRI correlation in Rotator cuff: Dr. Prasad Bhagunde 8. Easily missed knee injuries on X-ray with CT and MRI correlation: Dr. Mitusha Verma |

DAY 2 | FRIDAY, MARCH 25, 2022 | PLAN: CME & ICL

| TIME | Hall A | Hall B | Hall C | Hall D |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | <p>2. Comparison of proximal femoral nail antirotation II versus Zimmer natural nail in Indian elderly unstable intertrochanteric fractures – A Retrospective cohort study: Dr. Paras Banka</p> <p>3. To Compare the Efficacy and Safety of Transdermal Buprenorphine Patch to Conventional Analgesics After Operative Fixation for Extra Capsular Fracture Neck of Femur: Dr. Madhav Parke</p> | <p>1. Management of Tibial Posterior Cruciate Ligament Avulsion Fractures – A Case Series & Systematic Review: Dr. Stavan Amin</p> <p>2. To analyze the effect of ACL reconstruction and Meniscal repair on the knee proprioception and function After Knee Arthroscopic Surgery: Dr. Clevios JB de Souza</p> <p>3. Arthroscopic meniscus repair and augmentation with autologous fibrin clot in Indian population: Dr. Abhilash Srivastava</p> | <p>Discussion (11 Mins)</p> <p>FREE PAPERS – HIP ARTHROPLASTY (5 + 1 MIN)</p> <p>1. Does Intraoperative fluoroscopy significantly improve acetabular component position in a primary total hip arthroplasty?: Dr. Manan Shah</p> <p>2. An early experience of the use of dual mobility cup uncemented total hip arthroplasty in young patients with AVN of the femoral head: Dr. Sanjay Londhe</p> <p>3. Comparison of Bone Mineral Density before and after uncemented Total Hip Arthroplasty: Dr. Abhishek Rai</p> | |
| 09.55 AM – 11.15 AM | <p>DISTAL FEMUR FRACTURES - PUSHING THE LIMITS</p> <p>Conveners: Dr. Harshad Argekar, Dr. Navin Thakkar</p> <p>Chairpersons: Dr. Atul Patil, Dr. Sunil Khemka</p> <p>Speakers: Dr. Rajendra Chandak, Dr. Sunil Shahane, Dr. Aseem Negi, Dr. Amit Ajgaonkar, Dr. G. S. Kulkarni</p> <p>1. How do I Approach it? Surgical Exposures: Dr. Rajendra Chandak (7 + 3 Mins)</p> <p>2. Two plate or Not two Plate: Dr. Sunil Shahane (7 + 3 Mins)</p> <p>3. Forget Me Not – The Shy Hoffa's: Dr. Aseem Negi (7 + 3 Mins)</p> | <p>SHOULDER DISLOCATION</p> <p>Conveners: Dr. Dipit Sahu, Dr. Nagraj Shetty</p> <p>Chairpersons: Dr. Sanjay Garude, Dr. S. S. Bava</p> <p>Speakers: Dr. Hetal Chiniwala, Dr. Aditya Pawaskar, Dr. Nilesh Kamat, Dr. Pradip Nemade, Dr. Dipit Sahu</p> <p>1. Patho–anatomy / Surgical anatomy and investigations (CT and MRI) in a patient presenting with primary shoulder dislocation: Dr. Hetal Chiniwala (7 + 3 Mins)</p> <p>2. Management protocol after reduction of shoulder dislocation: Dr. Aditya Pawaskar (7 + 3 Mins)</p> | <p>KNEE ARTHROPLASTY</p> <p>Conveners: Dr. Nadir Shah, Dr. Manoj Mishra</p> <p>Chairpersons: Dr. Subodh Mehta, Dr. Vinod Agarwal, Dr. Shreedhar Archik</p> <p>Speakers: Dr. Nilen Shah, Dr. Shubhanshu Mohanty, Dr. Arun Mullaji, Dr. Swapnil A. Keny, Dr. Ashit Shah, Dr. Parag Sancheti, Dr. Harish Bhende, Dr. Vivek Shetty, Dr. Hemant Bhandari, Dr. Milind Patil</p> <p>1. Technique of DAIR–meticulousness matters: Dr. Shubhanshu Mohanty (6 Mins)</p> <p>2. The “Red Knee” – When to worry?: Dr. Nilen Shah (6 Mins)</p> | <p>OFFICE ORTHOPAEDICS</p> <p>Conveners: Dr. Anil Karkhanis, Dr. Sampat Dumbre Patil</p> <p>Chairpersons: Dr. Ram Prabhu, Dr. R. C. Meena</p> <p>Speakers: Dr. A. R. Karkhanis, Dr. Rajendra Chandak, Dr. R. N. Mohapatra, Dr. Ram Chaddha</p> <p>1. Prevention of foot oedema after Foot & Ankle Trauma: Dr. A. R. Karkhanis (10 Mins)</p> <p>2. Tennis elbow, Rotator cuff tendinosis, frozen shoulder, planer fasciitis, Calcaneal spur & Tendo Achilles Spur, Static Quads for early OA knee, Kocher method of shoulder dislocation</p> |

DAY 2 | FRIDAY, MARCH 25, 2022 | PLAN: CME & ICL

| TIME | Hall A | Hall B | Hall C | Hall D |
|------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | <p>4. Distal femur Nailing – Pushing the Limits: Dr. Amit Ajgaonkar (7 + 3 Mins)</p> <p>5. Accept or re-operate – Case-based discussions: Dr. G. S. Kulkarni (7 + 3 Mins)</p> <p>6. Interesting Case Presentation: Dr. Harshad Argekar (6 Mins)</p> <p>FREE PAPERS – TRAUMA (5 + 1 MIN)</p> <p>1. Functional Outcomes of Surgically Treated Tibial Plateau Fractures Using Three Dimensional Printed Models versus Radiographic Assessment – A Randomized Controlled Trial: Dr. Sushant Srivastava</p> <p>2. Salute Fracture (High Sub-trochanteric Femur Fracture) Technical Challenges in a Series of 4 Cases: Dr. Raunak Dhawale</p> <p>3. Assessment of radiological and functional outcome of nail and plate augmentation for distal 1/3rd femur fracture non-union: Dr. Tapas Mohanty</p> <p>4. A Prospective Study to compare the Clinical, Radiological and Functional Outcomes in the Conservative Management of Middle-third Clavicular fractures – Figure of 8 bandage versus Broad arm sling: Dr. Nihar Modi</p> | <p>3. Surgical repair in primary dislocation – How has it evolved over the years?: Dr. Nilesh Kamat (7 + 3 Mins)</p> <p>4. Patient presenting with a greater tuberosity fracture with or without shoulder dislocation – Current recommendations in treatment: Dr. Pradip Nemade (7 + 3 Mins)</p> <p>5. Patient presenting after a few days/weeks of neglected shoulder dislocation – Complications and lessons learnt: Dr. Dipit Sahu (7 + 3 Mins)</p> <p>6. Interesting Case Discussion: Dr. Samarjit Bansal, Dr. Darshil Shah (12 Mins)</p> <p>FREE PAPERS – ARTHROSCOPY (5 + 1 MIN)</p> <p>1. Chronic unreduced Anterior Shoulder Dislocation managed by Latarjet procedure – A Prospective Study: Dr. Pravin Jadhav</p> <p>2. Shoulder resurfacing – Is Glenoid replacement necessary?: Dr. Pratik Tawri</p> <p>3. Functional outcome of Arthroscopic Bankart repair for anterior shoulder instability based on Suture Anchor Configuration: Dr. Abhishek Nerurkar</p> | <p>3. Post-traumatic arthritis – Hardware matters!: Dr. Arun Mullaji (6 Mins)</p> <p>Discussion (7 Mins)</p> <p>4. Case Presentation – Debate (30 Mins) Case Presenter: Dr. Swapnil A. Keny</p> <p>a) Uni knee / Total knee – 60 years female with medial compartment arthritis: Dr. Ashit Shah, Dr. Parag Sancheti</p> <p>b) Mechanical / Kinematic Alignment – 67 years male with metaphyseal varus: Dr. Harish Bhende, Dr. Vivek Shetty</p> <p>c) Conventional / Robotic – 72 years old male with advanced tricompartmental OA Knee: Dr. Hemant Bhandari, Dr. Milind Patil</p> <p>Discussion (5 Mins)</p> <p>FREE PAPERS – ARTHROPLASTY (5 + 1 MIN)</p> <p>1. Hypoesthesia after total knee arthroplasty – A relatively undocumented complication, its prevalence and correlation with skin incision – A prospective study of 132 patients in a tertiary care centre: Dr. Ronak Kothari</p> <p>2. Are Kinetically Aligned Knee Better Than Mechanically Aligned Knees? – A Functional Outcome Study of Total Knee Replacement In The Indian Population: Dr. Sajeev Shekhar</p> <p>3. Comparison of Radiological and Functional Parameters Between</p> | <p>reduction: Dr. A. R. Karkhanis (10 Mins)</p> <p>3. Reduction of Colles fracture in OPD under Haematoma block: Dr. R. N. Mohapatra (10 Mins)</p> <p>4. Hanging cast for humerus fracture and its outcomes: Dr. R. M. Chandak (10 Mins)</p> <p>5. To get good outcome with Walking aids: Dr. A. R. Karkhanis (10 Mins)</p> <p>6. Decision making in acute Lumbo Sacral PID: Dr. Ram Chaddha (10 Mins)</p> <p>FREE PAPERS (5 + 1 MIN)</p> <p>1. Standalone cage versus anchored cage for anterior cervical discectomy and fusion – A comparative analysis of clinical and radiological outcomes: Dr. Niharika Virkar</p> <p>2. Use of ultrasonic bone scalpel in spinal deformity – A new tool in armamentarium of spine surgeon: Dr. Priyank Patel</p> <p>3. Long term outcomes of deformity correction in Adolescent Idiopathic Scoliosis (AIS) by using Spinal loop rectangle and sub-laminar wires: Analysis of safety and efficacy over a 10-year follow up: Dr. Tanay Prabhoo</p> |

DAY 2 | FRIDAY, MARCH 25, 2022 | PLAN: CME & ICL

| TIME | Hall A | Hall B | Hall C | Hall D |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | | | <p>Kinematic and Mechanical Total Knee Replacement: Dr. Kaustubh Bhandarkar</p> <p>4. Functional Results of Simultaneous Bilateral Total Knee Arthroplasty: Dr. Sujit Khorday</p> <p>5. Correlation of Posterior Tibial Slope and Patellar Indices with Functional Outcome After Total Knee Arthroplasty: Dr. Jehangir Pestonji</p> | |
| 11.15 AM – 11.30 AM | TEA BREAK | | | |
| 11.30 AM – 12.50 PM | <p>DISORDERS OF A DEVELOPING CHILD</p> <p>Conveners: Dr. Swapnil M. Keny, Dr. Binoti Sheth</p> <p>Chairpersons: Dr. Premal Naik, Dr. M. G. Yagnik</p> <p>Speakers: Dr. Vikas Basa, Dr. Atul Bhaskar, Dr. Binoti Sheth, Dr. Sandeep Vaidya, Dr. Swapnil Keny, Dr. Chasanal Rathod</p> <p>1. Normal Gait – Development: Dr. Vikas Basa (5 Mins)</p> <p>2. Toe Walking – Is there more to it than what meets the eye?: Dr. Atul Bhaskar (5 Mins)</p> <p>3. Developmental Anomalies that affect gait: Dr. Binoti Sheth (5 Mins)</p> <p>4. How Surgical intervention affects gait in Pethes Disease: Dr. Sandeep Vaidya (8 Mins)</p> <p>5. Surgical correction of Genu Valgum in the immature skeleton and its effects on limb alignment: Dr. Swapnil Keny (8 Mins)</p> | <p>CME: FRACTURES OF METACARPAL - GET THEM RIGHT</p> <p>Conveners: Dr. Parag Lad, Dr. Hemant Patankar</p> <p>Chairpersons: Dr. Anil Bhatia, Dr. Ashok Ghodke</p> <p>Speakers: Dr. Kiran Ladkat, Dr. Parag Lad, Dr. Bipin Ghanghurde, Dr. Prashant Kamble, Dr. Hemant Patankar</p> <p>1. Metacarpal Head fractures: Dr. Kiran Ladkat (7 + 3 Mins)</p> <p>2. Metacarpal Shaft Fractures: Dr. Parag Lad (7 + 3 Mins)</p> <p>3. Fracture dislocation of Carpometacarpal joint: Dr. Bipin Ghanghurde (7 + 3 Mins)</p> <p>4. Thumb metacarpal base fractures: Dr. Prashant Kamble (7 + 3 Mins)</p> <p>5. MCPJ dislocation: Dr. Hemant Patankar (7 + 3 Mins)</p> <p>6. Case Discussion: Dr. Parag Lad (12</p> | <p>ORTHOONCO - BENIGN BONE TUMOURS</p> <p>Conveners: Dr. Chetan Anchan, Dr. Mishil Parikh</p> <p>Chairpersons: Dr. H. R. Jhunjhunwala, Dr. Amit Pispati</p> <p>Speakers: Dr. Prakash Nayak, Dr. Haresh Manglani, Dr. Rajeev Reddy, Dr. Jaymin Shah, Dr. Prateek Hegde, Dr. Ankita Ahuja, Dr. Abhijeet Salunke, Dr. Ashish Gulia</p> <p>1. Introduction to Benign Bone Tumours</p> <p>2. Case–Based Discussion on Management of Common Benign Tumors</p> <p>Giant Cell Tumours & Chondroblastoma</p> <p>Aneurysmal Bone Cyst</p> <p>Unicameral Bone Cyst</p> <p>Fibrous Dysplasia</p> <p>Non–Ossifying Fibroma</p> <p>(80 Mins)</p> | <p>ORTHOPAEDIC RHEUMATOLOGY</p> <p>Conveners: Dr. C. Balkrishna, Dr. Ram Chaddha</p> <p>Chairpersons: Dr. Raju Pathak, Dr. Shakir Kapadia</p> <p>Speakers: Dr. Kaushik Bhojani, Dr. Rohini Samant, Dr. C. Balkrishna, Dr. Ankit Patel, Dr. Gururaj Sangondimath</p> <p>1. Investigating a case of swollen and painful joint: Dr. Sunil Singh (7 + 3 Mins)</p> <p>2. Post viral Joint pains: Dr. Rohini Samant (7 + 3 Mins)</p> <p>3. Pain in sacroiliac joint – diagnostic algorithm: Dr. Sunil Singh (7 + 3 Mins)</p> <p>4. What is not Gout – Is every hyperuricemia GOUT?: Dr. Rohini Samant (7 + 3 Mins)</p> <p>5. NSAIDs, Steroids and DMARDs in 2021: Dr. Balakrishnan (7 + 3 Mins)</p> |

DAY 2 | FRIDAY, MARCH 25, 2022 | PLAN: CME & ICL

| TIME | Hall A | Hall B | Hall C | Hall D |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | <p>6. Surgery in ankle Equinus and its effect on Gait: Dr. Chasanal Rathod (8 Mins)</p> <p>7. Case Discussion & Q&A (16 Mins)</p> <p>FREE PAPERS: (5 + 1 MIN)</p> <p>1. Rehabilitation, Function and Return to school and sports after Growth Modulation surgery using 8 plate / PET Screw: Dr. Jaideep Dhamele</p> <p>2. Extensive Limb Lengthening in Short Limbed Dwarfism: Dr. Ishani Chaudhary</p> <p>3. Impact of pelvic tilt on acetabular version – A 2 Dimensional Computed tomography analysis: Dr. Dhwani Tada</p> <p>4. Idiopathic Chondrolysis of Hip – Role of intra-articular steroid therapy and traction immobilization and its result in 28 patients: Dr. Anuj Gawankar</p> | <p>Min)</p> <p>FREE PAPERS – HAND (5 + 1 MIN)</p> <p>1. Analysis of functional outcome in extensor tendon injury proximal to MCP joint – A study of 15 cases: Dr. Parag Lad</p> <p>2. A Comparative analysis study between surgical techniques of long arm double sliding flaps and Z-plasty in treatment of finger contracture: Dr. Ashok Ghodke</p> <p>3. Structures involved with pinning of Distal End of Radius and Superficial Radial Nerve – A cadaveric study: Dr. Akil Prabhakar</p> | | <p>6. Approach to management of AS: Dr. Balakrishnan (7 + 3 Mins)</p> <p>7. Medical Management of Osteoporosis – Role of Newer Molecules Denosomab/ Teriperatide: Dr. Ankit Patel (5 + 2 Mins)</p> <p>8. Neuropathic pains – Approach and management in Orthopaedic practice!: Dr. Gururaj Sangondimath (5 + 2 Mins)</p> <p>FREE PAPERS (5 + 1 MIN)</p> <p>1. Utility of selected sequence MRI imaging of the axial skeleton in the diagnosis of axial spondyloarthritis: Dr. Siddharth Aiyer</p> |
| 12.50 PM – 01.30 PM | LUNCH BREAK + INDUSTRY HANDS-ON WORKSHOPS IN MEETING ROOMS | | | |
| 01.30 PM – 02.50 PM | <p>COMMON MALUNIONS AND NON-UNIONS IN PAEDIATRIC PRACTICE</p> <p>Conveners: Dr. Mandar Agashe, Dr. Tushar Agarwal</p> <p>Chairpersons: Dr. Rustom Mody, Dr. Sandeep Vyas</p> <p>Speakers: Dr. Premal Naik, Dr. Mandar Agashe, Dr. Sandeep Patwardhan, Dr. Tushar Agarwal, Dr. Taral Nagda</p> <p>1. The crooked forearm – Prevention and treatment of diaphyseal forearm malunions: Dr. Premal Naik (7 + 3 Mins)</p> | <p>CURRENT DILEMMAS IN THE MANAGEMENT OF SPINAL TUBERCULOSIS</p> <p>Conveners: Dr. Arjun Dhawale, Dr. Amit Sharma</p> <p>Chairpersons: Dr. Devesh Dholakia, Dr. Tarun Dushad</p> <p>Speakers: Dr. Ayush Sharma, Dr. Akhil Tawari, Dr. Gautam Zaveri, Dr. Amol Rege, Dr. Samir Dalvie</p> <p>1. Suspected tubercular spondylitis – Role of empirical AKT?: Dr. Ayush Sharma (7 + 3 Mins)</p> | <p>ACHILLES HEEL FOR ORTHOPAEDIC SURGEON..!</p> <p>Conveners: Dr. Abhishek Kini, Dr. Ritesh Nazareth</p> <p>Chairpersons: Dr. Niranjana Rathod, Dr. Saket Saraf</p> <p>Speakers: Dr. Shyam Thakker, Dr. Rajiv Shah, Dr. Sampat Dumbre Patil, Dr. Abhishek Kini</p> <p>1. Applied anatomy Tendo Achilles (tendon peculiarities, blood supply) with Clinical findings, Imaging modalities to diagnose a rupture: Dr. Shyam Thakker</p> | <p>TECHNOLOGY FOR EVERYDAY USE</p> <p>Conveners: Dr. Neeraj Bijlani, Dr. Vivek Allahbadia</p> <p>Chairpersons: Dr. Madhav Borate, Dr. Parag Munshi, Dr. Pramod Bhor</p> <p>Speakers: Dr. Neeraj Bijlani, Dr. Chasanal Rathod, Dr. Kshitij Chaudhary, Dr. Ashok Shyam, Dr. Anand Thakur, Dr. Dhiren Ganjwala, Mr. Ritesh Bhatia</p> <p>1. Mobile Apps for iPhone: Dr. Neeraj Bijlani</p> |

DAY 2 | FRIDAY, MARCH 25, 2022 | PLAN: CME & ICL

| TIME | Hall A | Hall B | Hall C | Hall D |
|------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | <p>2. The “Gun-stock” deformity - When and How to treat?: Dr. Tushar Agarwal (7 + 3 Mins)</p> <p>3. Lateral condyle non-unions - Management protocol: Dr. Sandeep Patwardhan (7 + 3 Mins)</p> <p>4. Non-union femoral neck femur - The dreaded complication: Dr. Mandar Agashe (7 + 3 Mins)</p> <p>5. Physeal mal-unions - Management of the “bars”: Dr. Taral Nagda (7 + 3 Mins)</p> <p>6. Interesting Case Discussion: Dr. Mandar Agashe, Dr. Tushar Agarwal (12 Mins)</p> <p>FREE PAPERS (5 + 1 MIN)</p> <p>1. Radiological Outcomes in Late-Onset Perthes after Femoral Varus Osteotomy: Dr. Swayam Tripathy</p> <p>2. Role of flexible elastic nails in diaphyseal fractures of long bones in lower extremities in children of 5-14 years of age: Dr. Sarang Agrawal</p> <p>3. Oblique anterior pelvic osteotomy for Bladder exstrophy/epispadias complex: Case series of a new technique and review of literature: Dr. Mandar Agashe</p> | <p>2. How to improve outcomes of vertebral biopsy?: Dr. Akhil Tawari (7 + 3 Mins)</p> <p>3. Defining instability in spinal tuberculosis: Dr. Gautam Zaveri (7 + 3 Mins)</p> <p>4. Non-operative Rx of spinal tuberculosis - When and what?: Dr. Arnol Rege (7 + 3 Mins)</p> <p>5. How to determine the endpoint of antitubercular treatment?: Dr. Samir Dalvie (7 + 3 Mins)</p> <p>FREE PAPERS (5 + 1 MIN)</p> <p>1. Role of PET CT in determining Disease activity in patients of Spinal Tuberculosis: Dr. Bhushan Hadole</p> <p>2. Potts Spine in Children - Retrospective Analysis of Conservative Treatment: Dr. Tausif Ahmed Shikalgar</p> <p>3. Comparative analysis of long term outcome of anterior reconstruction in thoracic tuberculosis by direct anterior approach versus posterior approach: Dr. Shubhanshu Bhaladhare</p> <p>4. Functional outcomes in the management of cervico-thoracic junction tuberculosis: Dr. Shivaprasad Kolur</p> <p>5. Surgical outcomes of posterior trans-facetial decompression and stabilization in tuberculous spondylodiscitis with neuro deficit: Dr. Abhijith Shetty</p> | <p>(7 + 3 Min)</p> <p>2. How do I treat it... Elderly diabetic insertional rupture - Audience discussion</p> <p>(Case-based scenarios bringing out their preferences of treating the case differently with scientific evidence backing their decision): Dr. Sampat Dumbre Patil (10 + 5 Min)</p> <p>3. How do I treat it... Young active mid-substance tear - Audience discussion (Case-based scenario bringing out their preferences of treating the case differently with scientific evidence backing their decision): Dr. Rajiv Shah (10 + 5 Min)</p> <p>4. How do I salvage my Achilles heel... What is the way out?: Dr. Abhishek Kini (7 + 3 Min)</p> <p>5. Case-based Discussion: All Faculty (24 Mins)</p> <p>FREE PAPERS (5 + 1 MIN)</p> <p>1. Clinical and Functional Outcome in Minimally Invasive Sinus Tarsi Approach for Fixation of Intra-articular Calcaneal Fractures: Dr. Shaunak Patwardhan</p> <p>2. Simple tech for difficult situations Transarticular K wire fixation by sinus tarsi approach for treatment of intracarticular fracture calcaneum: Dr. Rohil Singh</p> <p>3. Easy Rehab protocol of simulated weight bearing for prevention of RSD and DVT of Lower extremity: Dr. Vardhan Ladiwala</p> | <p>2. Making your presentation interesting: Dr. Dhiren Ganjwala</p> <p>3. Medical Poster - Planning and Execution: Dr. Anand Thakur</p> <p>4. EMR - My Choice and How I Use it : Dr. Chasanal Rathod</p> <p>5. Google My Business - Scams and Presence: Mr. Ritesh Bhatia</p> <p>6. Social Media Impact: Ms. Nirali Bhatia</p> <p>7. Technology Hacks for Everyday use: Dr. Ashok Shyam</p> <p>Discussion: 10 Mins</p> |

DAY 2 | FRIDAY, MARCH 25, 2022 | PLAN: CME & ICL

| TIME | Hall A | Hall B | Hall C | Hall D |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 02.50 PM - 04.15 PM | <p>BONE SUBSTITUTES: WHEN, WHAT & HOW</p> <p>Convener: Dr. Abhijit Kale</p> <p>Chairpersons: Dr. Anup Agarwal, Dr. Anil Verma, Dr. Kedar Agarwal</p> <p>Speakers: Dr. Rajiv Rai Chaudhari, Dr. Gauresh Palekar, Dr. Wasudeo Gadegone, Dr. D. D. Tanna, Dr. Vivek Shetty</p> <ol style="list-style-type: none"> 1. Bone Substitutes, allografts - Everyone has a role: Dr. Rajiv Rai Chaudhari (7 + 3 Mins) 2. Autologous Adult Live Cultured Osteoblasts (AALCO) in AVN Head of femur: Dr. Gauresh Palekar (7 + 3 Mins) 3. Fibular Graft - Harvesting & Use: Dr. Wasudeo Gadegone (7 + 3 Mins) 4. Harvesting autogenous grafts Optimally - Surgical Videos of Iliac crest BG: Dr. D. D. Tanna (7 + 3 Mins) 5. Void Fillers to structural supports - Options and outcomes - Case-based illustrations: Dr. Vivek Shetty (7 + 3 Mins) 6. Case-based discussion: Dr. Abhijit Kale: (6 Mins) <p>FREE PAPERS: (5 + 1 MIN)</p> <ol style="list-style-type: none"> 1. Femur lengthening over a Nail can safely reduce duration of external fixation: Dr. Aditya Apte 2. Comparative study to evaluate functional and radiological outcome of | <p>LOW BACK PAIN REVISITED</p> <p>Conveners: Dr. Tushar Rathod, Dr. Gaurav Mehta</p> <p>Chairpersons: Dr. Shailesh Hadgaonkar, Dr. Mahendra Tak</p> <p>Speakers: Dr. Devesh Dholakia, Dr. Abhay Nene, Dr. Ram Chaddha, Dr. Vishal Peshattiwar, Dr. Mihir Bapat</p> <ol style="list-style-type: none"> 1. An epidemic of LBP during the COVID pandemic?: Dr. Devesh Dholakia (7 + 3 Mins) 2. Back / Neck pain - A professional hazard for surgeons performing endoscopic/microscopic surgeries!: Dr. Abhay Nene (7 + 3 Mins) 3. Acute low back pain during/after pregnancy: Dr. Ram Chaddha (7 + 3 Mins) 4. The ergonomics of LBP & Neck pain: Dr. Vishal Peshattiwar (7 + 3 Mins) 5. Physical therapy approaches to LBP: Dr. Mihir Bapat (7 + 3 Mins) <p>FREE PAPERS (5 + 1 MIN)</p> <ol style="list-style-type: none"> 1. Long term operative outcome of Giant Calcified Thoracic Disc Herniation - A retrospective analysis of 24 patients: Dr. Manojkumar Gaddikeri 2. A two-year outcomes and complications of various techniques of lumbar discectomy - A multicentric retrospective study. Dr. Praveen VNR Goparaju | <p>SURGICAL SITE INFECTION</p> <p>Convener: Dr. Aditya Menon</p> <p>Chairpersons: Dr. Sushil Sabnis, Dr. Prashant Weiling</p> <p>Speakers: Dr. Vikas Agashe, Dr. Aditya Menon, Dr. Ayesha Sunavala</p> <ol style="list-style-type: none"> 1. Diagnosing Surgical Site Infections - Where do we stand today?: Dr. Vikas Agashe (7 + 3 Min) 2. Tips and Tricks in Avoiding a Negative Culture: Dr. Ayesha Sunavala (7 + 3 Min) 3. Surgical Dilemma - Retain or Remove the Implant: Dr. Aditya Menon (7 + 3 Min) 4. What a Surgeon ought to know about Bugs and Drugs in SSI: Dr. Ayesha Sunavala (7 + 3 Min) 5. Multimodal Management in SSI - Ancillary measures, Flaps, Local Antibiotics: Dr. Aditya Menon (7 + 3 Min) 6. Case-based Discussion: Dr. Vikas Agashe, Dr. Aditya Menon (12 Mins) <p>FREE PAPERS (5 + 1 MIN)</p> <ol style="list-style-type: none"> 1. Prophylactic use of Intrawound vancomycin powder for prevention of surgical site infections in orthopaedic surgeries: Dr. Mrinal Kambli 2. To study the post-operative outcome in orthopaedic management in cases of High HBA1C diabetic patients - A case series: Dr. Kunal Chaudhari | <p>FINANCIAL PLANNING FOR A DOCTOR</p> <p>Conveners: Dr. Neeraj Bijlani, Dr. Arpit Dave</p> <p>Chairpersons: Dr. Chetan Chhajed, Dr. Prasad Chaudhari</p> <p>Panellists: Dr. C. J. Thakkar, Dr. Khyati Mashru, Dr. Prashant Parate, Dr. Feroz Khan, Dr. Sachin Kale</p> <p>Panel Discussion: Investment & Trading for Doctors</p> <ol style="list-style-type: none"> 1. Retired Orthopaedic Surgeons Perspective: Dr. C. J. Thakkar 2. Financial Planner: Dr. Khyati Mashru 3. Orthopaedic Surgeon involved in Trading: Dr. Prashant Parate 4. Orthopaedic Surgeon involved in Training and Conducting own courses: Dr. Feroz Khan 5. Professor and Orthopaedic Surgeon, Tradevestor: Dr. Sachin Kale |

DAY 2 | FRIDAY, MARCH 25, 2022 | PLAN: CME & ICL

| TIME | Hall A | Hall B | Hall C | Hall D |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | <p>long bone compound fractures treated with early primary definitive fixation versus delayed definitive fixation: Dr. Akshay K. S.</p> <p>3. A Study of Functional Outcome Of Shaft Humerus fracture treated with Anterior Bridge Plating: Dr. Nishant Shivade</p> <p>4. Comparison of outcome of clavicle midshaft fractures managed by nailing versus plating: Dr. Siddhart Yadav</p> <p>5. AVN Hips - Management with Core-Decompression - Bone Graft and Stem Cell: Dr. H. R. Jhunjunwala</p> | <p>3. Intra-body TLIF cage augmentation/reconstruction - 'Cageplasty' for unstable osteoporotic vertebral fracture: Dr. Agnivesh Tikoo</p> <p>4. Spinal Anaesthesia a new norm- Efficiency of Spinal Anesthesia versus General Anesthesia for Minimal Invasive Single Level Transforaminal Lumbar Interbody Fusion: A Retrospective Analysis of 178 Patients: Dr. Samidha Walawalkar</p> <p>5. Radiological study to evaluate surgical feasibility for safe trajectory of C1-C2 Trans-articular screws: Dr. Saijyot Raut</p> | <p>3. New technique of managing compound comminuted fracture shaft tibia: Dr. Sunil Khemka</p> | |
| 04.15 PM - 04.30 PM | TEA BREAK | | | |
| 04.30 PM - 06.00 PM | <p>FOREIGN NATION SESSION - EUROPEAN PAEDIATRIC ORTHOPAEDIC ASSOCIATION</p> <p>Conveners: Dr. Rujuta Mehta, Dr. Alaric Aroojis</p> <p>EPOS Co-ordinators: Dr. Hakan Omeroglu, Dr. Ignacio Sanpera</p> <p>Chairpersons: Dr. Dhiren Ganjwala, Dr. Jairam Jagiasi</p> <p>Cerebral palsy for the general orthopaedist - diagnosis, evaluation & principles of management</p> <p>Lectures (40 Mins) presented by EPOS faculty:</p> <p>1. Overview of CP and general considerations: Prof. Reinald Brunner</p> | <p>FOREIGN NATION SESSION - SPINE WITH ASIA PACIFIC SPINE SOCIETY</p> <p>Convener: Dr. Gautam Zaveri</p> <p>Chairpersons: Dr. Chirayu Pamecha, Dr. Samir Dalvie</p> <p>Speakers: Dr. Nikhil Arbatti, Dr. S. Y. Bhojraj, Dr. Bhavuk Garg, Prof. Rafael Bundoc, Prof. Kim Hyeun Sung Harrison, Prof. Yang Shu-Hua, Prof. Daisuke Sakai</p> <p>Welcome & Introduction of faculty by session chair: Dr. Gabriel Liu</p> <p>Brief History of Asia Pacific Spine Society: APSS President (5 Mins)</p> <p>Case Presentation - Multilevel degenerative lumbar canal stenosis: Dr. Nikhil Arbatti (5 Mins)</p> | <p>FOREIGN NATION SESSION: THE HIP SOCIETY & THE KNEE SOCIETY, USA</p> <p>Conveners: Dr. Shubhranshu Mohanty, Dr. Parag Sancheti</p> <p>Chairpersons: Dr. Jawahir Pachore, Dr. Kiran Kharat, Dr. Sandeep Sharma</p> <p>Hip:</p> <p>1. You Can Do a Cementless Primary THA in an Elderly Osteoporotic Female Patient - C. Anderson Engh, Jr., MD (Alexandria, VA, USA)</p> <p>2. New technologies to monitor patients and their potential uses: Fares S. Haddad, MD (Res), FRCS (Orth) (London, UK)</p> | <p>FOREIGN NATION SESSION - BRITISH TRAUMA SOCIETY</p> <p>Conveners: Dr. Sushrut Babhulkar, Dr. Jayne Ward</p> <p>Chairpersons: Dr. Satish Modi, Dr. D. D. Tanna</p> <p>Speakers: Dr. Paul Tornetta (USA), Dr. Rodrigo Pesantez (Columbia), Dr. Peter Giannoudis (UK), Dr. Anand Arya (UK), Dr. Jayne Ward (UK), Dr. J. P. Leung (Philippines), Dr. Nikolaos Kanakaris (UK), Dr. Jibu Joseph (UK)</p> <p>Theme: Articular / Periarticular fractures</p> <p>Case-Based discussion by the faculty</p> <p>Brief History of Bombay Orthopaedic Society: Dr. Sangeet Gawhale, BOS President (5 Mins)</p> |

DAY 2 | FRIDAY, MARCH 25, 2022 | PLAN: CME & ICL

| TIME | Hall A | Hall B | Hall C | Hall D |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| | <p>2. Orthopaedic evaluation of a child with CP: Dr. Hakan Omeroglu</p> <p>3. Hip displacement in CP - surveillance and treatment: Dr. Ignacio Sanpera</p> <p>4. Surgery for functional problems - soft tissue and bone surgeries: Dr. Ana Presedo</p> <p>5. What not to do when treating a child with CP - common mistakes which should be avoided: Prof. Reinald Brunner</p> <p>Case Discussions (40 Mins) presented by Indian faculty: Dr. Ashish Ranade, Dr. Chintan Doshi, Dr. Rohit Jain, Dr. Prajakta Bhide</p> <ul style="list-style-type: none"> • Gait evaluation of a child with CP, common orthopaedic tests videos • Hip displacement case managed by reconstructive procedure • Well managed case following proper principles of management • Case with poor outcome due to poor decision making <p>Audience questions (10 Mins)</p> | <p>Lecture - Surgery for LCS - When and what?: Dr. S. Y. Bhojraj, India (10 Mins)</p> <p>Lecture - MIS techniques for LCS decompression: Dr. Prof. Rafael Bundoc, Philippines (10 Mins)</p> <p>Video lecture - Total endoscopic decompression for single-level stenosis: Prof. Kim Hyeun Sung Harrison, Korea (10 Mins)</p> <p>Lecture - MIS versus open posterior spinal fusion for grade I degenerative spondylolisthesis with spinal stenosis: Prof. Yang Shu-Hua, Taiwan (10 Mins)</p> <p>"Video lecture: LLIF + percutaneous posterior stabilization for degenerative spondylolisthesis with stenosis": Prof. Daisuke Sakai, Jaipan (10 Mins)</p> <p>Q&A: (15 Mins)</p> <p>Vote of Thanks: Dr. Gautam Zaveri (1 Min)</p> | <p>3. Understanding the Hip-Spine Relationship - And Does it Matter?: Matthew P. Abdel, MD (Rochester, MN, USA)</p> <p>Knee:</p> <p>4. The Case for Cementless TKA: Robert L. Barrack, MD (St. Louis, MO, USA)</p> <p>5. Prevention and Diagnosis of Periprosthetic Joint Infection: Craig J. Della Valle, MD (Chicago, IL, USA)</p> <p>6. Neutral Coronal Alignment in Primary and Revision TKAs - Does It Matter?: Matthew P. Abdel, MD (Rochester, MN, USA)</p> | |
| 06.00 PM - 07.30 PM | <p>Meeting Room 1</p> <p>ICL: SUBTROCHANTERIC FRACTURE</p> <p>Conveners: Dr. D. D. Tanna, Dr. B. Shivashankar, Dr. Navin Thakkar, Dr. Jawahar Jethwa, Dr. Satish Mutha</p> | <p>Meeting Room 2</p> <p>ICL: OA KNEE IN YOUNG</p> <p>Conveners: Dr. Mangal Parihar, Dr. Aryn Rajani, Dr. Jay Shah, Dr. Divya Ahuja</p> | <p>Meeting Room 3</p> <p>ICL: PROLAPSED INTERVERTEBRAL DISC</p> <p>Conveners: Dr. Samir Dalvie, Dr. Dhiraj Sonawane, Dr. Ashok Rathod, Dr. Sachin Patil</p> | <p>Meeting Room 4</p> <p>ICL: SCAPHOID</p> <p>Conveners: Dr. Pankaj Ahire, Dr. Parag Lad, Dr. Warid Altaf</p> |
| 08.00 PM ONWARDS | ENTERTAINMENT PROGRAM | | | |

HANDS-ON WORKSHOPS

FRIDAY, MARCH 25, 2022

| TIME | WORKSHOP | VENUE | CONVENER | CO-CONVENER/S |
|--------------------|--------------------------------------|----------------|-------------------------------------|----------------------------------------|
| 1.00 pm – 4.30 pm | MEDTRONIC SPINE INNOVATIONS | Meeting Room 1 | Dr. Satyen Mehta | Dr. Ayush Sharma |
| 1.00 pm – 3.00 pm | JESS WORKSHOP | Meeting Room 2 | Dr. Ram Prabhoo | Dr. Rajesh Gandhi |
| 3.00 pm – 5.00 pm | PITKAR ALPHA FIXATOR WORKSHOP | Meeting Room 3 | Dr. Mangal Parihar | Dr. Divya Ahuja |
| 11.00 am – 1.00 pm | MJ SCOLIOSIS CORRECTION WORKSHOP | Meeting Room 3 | Dr. Kshitij Chaudhary | Dr. Arjun Dhawale, Dr. Chirayu Pamecha |
| 1.00 pm – 3.00 pm | PITKAR BASIC SPINE–LUMBAR WORKSHOP | Meeting Room 3 | Dr. Dhiraj Sonawane | Dr. Manish Kothari, Dr. Amandeep G. |
| 3.00 pm – 5.00 pm | MJ BASIC SPINE – CERVICAL WORKSHOP | Meeting Room 3 | Dr. Manish Kothari, Dr. Amandeep G. | Dr. Dhiraj Sonawane |
| 1.00 pm – 5.00 pm | SMITH & NEPHEW ARTHROPLASTY WORKSHOP | Meeting Room 4 | Dr. Vaibhav Bagaria | Dr. Nilen Shah, Dr. Ashish Phadnis |

FRIDAY, MARCH 25, 2022

MEDTRONIC SPINE INNOVATIONS

Supported by: Medtronics | Time: 1.00 pm – 4.30 pm | Venue: Meeting Room 1

Convener: Dr. Satyen Mehta | Co-conveners: Dr. Priyank Patel, Dr. Ayush Sharma

- Navigation – Navigation in spine – How does it works?: Dr Ajay Kothari (10 mins)
- O–ARM – Changing paradigms: Dr. Vishal Peshattiwar (10 mins)
- Microscope in Spine Surgery – How to start, benefits: Dr. Satyen Mehta (10 mins)
- MISS SPINE – What, How & Why of MISS: Dr. Arvind Kulkarni (10 mins)
- OLIF – Lateral Approaches in Spinal Fusion: Dr. Ayush Sharma (10 mins)
- Robotic Spine – Future is Here!!: Dr. Gururaj Sangondimath (10 mins)
- Neuromonitoring – Safety In surgery Redefined: Dr. Bhavuk Garg (10 mins)
- NANO Technology – Fusion Next Gen!!: Dr. Kshitij Chaudhary (10 mins)
- MIDAS Rex Drill – Indications, Benefits: Dr. Priyank Patel (10 mins)
- **CAPSULE LEARNING - HANDS ON SAW BONE**
 - o MIDAS REX: Dr. Priyank Patel, Dr. Siddharth Aiyer, Dr. Ajay Kothari
 - o METRX: Dr. Neeraj Vasavada, Dr. Manish Kothari, Dr. Ayush Sharma
 - o NAVIGATION: Dr. Neeraj Vasavada, Dr. Shailesh Hadgaonkar, Dr. Gururaj Sangondimath

FRIDAY, MARCH 25, 2022

JESS WORKSHOP

Supported by: JESS | Time: 1.00 pm – 3.00 pm | Venue: Meeting Room 2

Convener: Dr. Ram Prabhoo | Co-convener: Dr. Rajesh Gandhi

MODULE 1: LECTURES & HANDS-ON DEMONSTRATION

- JESS Philosophy, History & Development (10 mins)
- JESS components and Instrumentation (15 mins)
- Management of fractures of the small bones in the Hand and Positional Hand Frame in crushed hand (20 mins)
- Demo of the Positional Hand Frame and its modifications for different fractures of hand and wrist (20 mins)
- Intraarticular fractures of the Lower End Radius with Frame Demonstration (20 mins)
- Intraarticular Fractures around the Lower End Humerus with Frame Demonstration (20 mins)
- Proximal Humerus Fractures by JESS and frame demonstration and case discussion (20 mins)

PITKAR ALPHA FIXATOR WORKSHOP

Supported by: PITKAR | Time: 3.00 pm – 5.00 pm | Venue: Meeting Room 2

Convener: Dr. Mangal Parihar | Co-convener: Dr. Divya Ahuja

- Shoulder Fractures – Basics
- Communitied Fractures
- PHILoS Plating – Basics and Principles
- Technical tips and saw bone demo
- Hands-on Workshop

Faculty: Dr. Dipit Sahu, Dr. Hetal Chiniwala, Dr. Hemant Bhandari, Dr. Harshad Argekar, Dr. Samarjit Bansal

FRIDAY, MARCH 25, 2022

MJ SCOLIOSIS CORRECTION WORKSHOP

Supported by: M J Surgical | Time: 11.00 am – 1.00 pm | Venue: Meeting Room 3

Convener: Dr. Kshitij Chaudhary | Co-conveners: Dr. Arjun Dhawale, Dr. Chirayu Pamecha

- Basics & Terminologies: Dr. Arjun Dhawale (10 mins)
- Classification Systems: Dr. Bhavuk Garg (10 mins)
- Decision making about level selections: Dr. Kshitij Chaudhary (10 mins)
- Pedicle screw insertion in deformed spine: Dr. Gautam Zaveri (10 mins)
- Correction maneuvers: Dr. Abhay Nene (10 mins)
- Complication Avoidance in Scoliosis surgery: Dr. Dhiraj Sonawane (10 mins)
- Hands-on Workshops

PITKAR BASIC SPINE-LUMBAR WORKSHOP

Supported by: PITKAR & MJ & Jayon | Time: 1.00 pm – 3.00 pm | Venue: Meeting Room 3

Convener: Dr. Dhiraj Sonawane | Co-conveners: Dr. Manish Kothari, Dr. Amandeep Gujral

BASIC SPINE - LUMBAR INSTRUMENTATION (6 TABLES - 24 DELEGATES)

- Lumbar Pedicle Screw – Tips, Tricks & Technique: Dr. Chirayu Pamecha (10 mins)
- Thoracic Pedicle Screw – Tips, Tricks & Technique: Dr. Kalidutta Das (10 mins)
- Problems and Salvage – How to rescue: Dr. Abhijeet Pawar (10 mins)
- Hands-on Sawbone Workshop (2 hours)
- **Table Hands-on Faculty:** Dr. Ankit Patel, Dr. Mahednra Tak, Dr. Gaurav Gujarathi, Dr. Rahul Mehta, Dr. Sanjeev Asati, Dr. Sachin Patil

FRIDAY, MARCH 25, 2022

MJ BASIC SPINE - CERVICAL WORKSHOP

Supported by: MJ & PITKAR & Gesco | Time: 3.00 pm – 5.00 pm | Venue: Meeting Room 3

Conveners: Dr. Manish Kothari, Dr. Amandeep Gujral | Co-convenor: Dr. Dhiraj Sonawane

BASIC SPINE - CERVICAL INSTRUMENTATION (6 TABLES - 24 DELEGATES)

- Cervical Lateral Mass – Tips, Tricks & Technique: Dr. Dhiraj Sonawane (10 mins)
- C1–C2 Fixation – Tips, Tricks & Technique: Dr. Uday Pawar (10 mins)
- Sacropelvic Fixation – Tips and Tricks: Dr. Manish Kothari (10 mins)
- Problems and Salvage – How to rescue: Dr. Mihir Bapat (10 mins)
- Hands–on Sawbone Workshop (2 hours)

SMITH & NEPHEW ARTHROPLASTY WORKSHOP

Supported by: Smith & Nephew | Time: 1.00 pm – 5.00 pm | Venue: Meeting Room 4

Convenor: Dr. Vaibhav Bagaria | Co-conveners: Dr. Nilen Shah, Dr. Ashish Phadnis

HANDS-ON WORKSHOPS

SATURDAY, MARCH 26, 2022

| TIME | WORKSHOP | VENUE | CONVENER | CO-CONVENER/S |
|----------------------|------------------------------------------------------------------|----------------|----------------------------------|----------------------------------|
| 1.00 pm – 3.00 pm | MEDTRONIC TRAUMA – NAILING WORKSHOP | Meeting Room 1 | Dr. Ashish Phadnis | Dr. Satish Mutha |
| 3.00 pm – 5.00 pm | IMPLANT EXTRACTION TIPS & TRICKS WORKSHOP | Meeting Room 1 | Dr. B. Shivashankar | Dr. D. D. Tanna |
| 1.00 pm – 3.00 pm | JESS WORKSHOP | Meeting Room 2 | Dr. Ram Prabhoo | Dr. Tushar Agarwal |
| 3.00 pm – 5.00 pm | PHILOS –PROX HUMERUS WORKSHOP | Meeting Room 2 | Dr. Dipit Sahu | Dr. Hetal Chiniwala |
| 1.00 pm – 3.00 pm | MJ ADVANCED SPINE – MINIMAL INVASIVE WORKSHOP | Meeting Room 3 | Dr. Nikhil Arbatti | Dr. Amit Sharma, Dr. Ankit Patel |
| 3.00 pm – 5.00 pm | PITKAR ADVANCED SPINE WORKSHOP | Meeting Room 3 | Dr. Amit Sharma, Dr. Ankit Patel | Dr. Nikhil Arbatti |
| 12.00 noon – 2.00 pm | ABOTT PAIN MANAGEMENT IN OA – INTRAARTICULAR INJECTIONS WORKSHOP | Meeting Room 4 | Dr. Rajesh Gandhi | |
| 2.00 pm – 6.00 pm | AUXEIM PELVI ACETABULAR WORKSHOP | Meeting Room 4 | Dr. Pradip Nemade | Dr. C. J. Thakkar |

SATURDAY, MARCH 26, 2022

MEDTRONIC TRAUMA - NAILING WORKSHOP

Supported by: Medtronics | Time: 1.00 pm – 3.00 pm | Venue: Meeting Room 1

Convener: Dr. Rajiv Rai Chaudhary | Co-convener: Dr. Guatam Tawari

- Tibia Nailing – Neosupra Tibia Nailing Suprapatellar Approach: Dr. Rajiv R. Chaudhary (10 Mins)
- Femoral Nailing – Neogen AR PFN: Dr. Tejas Upasani (10 Mins)
- Distal Radius – Variloc Plating – Distal Radius: Dr. Gautam Tawari (10 Mins)
- Hands-on Demo

IMPLANT EXTRACTION TIPS & TRICKS WORKSHOP

Supported by: Kshirsagar | Time: 3.00 pm – 5.00 pm | Venue: Meeting Room 1

Convener: Dr. B. Shivashankar | Co-convener: Dr. D. D. Tanna

JESS WORKSHOP

Supported by: JESS | Time: 1.00 pm - 3.00 pm | Venue: Meeting Room 2

Convener: Dr. Ram Prabhoo | Co-convener: Dr. Tushar Agarwal

MODULE 2: LECTURES & HANDS ON DEMONSTRATION

- Upper End Tibia Fractures lecture and demonstration of frame (20 mins)
- Basic Foot Frame Construction for Clubfoot and Ankle Fractures (15 mins)
- Basic Foot Frame demonstration and application and its modifications (15 mins)
- Paediatric Applications:
 - o CTEV management
 - o Deformity correction in Children– Cubitus varus, Genu Valgum etc.

SATURDAY, MARCH 26, 2022

PHILOS - PROX HUMERUS WORKSHOP

Supported by: AOSYS | Time: 3.00 pm – 5.00 pm | Venue: Meeting Room 2

Convener: Dr. Dipit Sahu | Co-convener: Dr. Hetal Chiniwala

- Shoulder Fractures – Basics
- Communitied Fractures
- PHILOS Plating – Basics and Principles
- Technical Tips and Saw Bone Demo
- Hands–on Workshop

Faculty: Dr. Dipit Sahu, Dr. Hetal Chiniwala, Dr. Hemant Bhandari, Dr. Harshad Argekar, Dr. Samarjit Bansal

MJ ADVANCED SPINE - MINIMAL INVASIVE WORKSHOP

Supported by: PITKAR & MJ & Jyaon | Time: 1.00 pm – 3.00 pm | Venue: Meeting Room 3

Convener: Dr. Nikhil Arbatti | Co-convener: Dr. Amit Sharma, Dr. Ankit Patel

ADVANCED SPINE - PERCUT PROCEDURES IN SPINE (6 TABLES - 24 DELEGATES)

- Tubular Minimal Invasive Spine Surgery – Decompression technique: Dr. Amit Sharma (10 mins)
- MIS Fusion – Tips, Tricks & Technique: Dr. Nikhil Arbatti (10 mins)
- Percutaneous Fixation – Tips, Tricks & Technique: Dr. Appaji Krishnan (10 mins)
- Vertebroplasty – Tips, Tricks & Technique: Dr. Amandeep Gujral (10 mins)
- Percut Biopsy under C–arm – How to get it right: Dr. Manish Kothari (10 mins)
- Hands–on sawbones (2 hours)
- Table hands–on faculty: Dr. Ajay Kothari, Dr. Tarun Dushad, Dr. Appaji Krishnan, Dr. Pramod Lokhande, Dr. Nikhil Arbatti, Dr. Gaurav Mehta
 - o Tubular Retractors
 - o MIS fixation Systems
 - o MIS Techniques
 - o Expandable Cages
 - o V Plasty

SATURDAY, MARCH 26, 2022

PITKAR ADVANCED SPINE WORKSHOP

Supported by: PITKAR & MJ | Time: 3.00 pm - 5.00 pm | Venue: Meeting Room 3

Conveners: Dr. Amit Sharma, Dr. Ankit Patel | Co-conveners: Dr. Nikhil Arbatti

- Endoscopy Spine – Transforaminal Endoscopy – When & why: Dr. Manoj Sharma (10 mins)
- Endoscopy Spine – Interlamianr Endoscopy – When & why: Dr. Pramod Lokhande (10 mins)
- Table hands–on faculty: Dr. Ajay Kothari, Dr. Tarun Dushad, Dr. Appaji Krishnan, Dr. Pramod Lokhande, Dr. Nikhil Arbatti, Dr. Gaurav Mehta

ABOTT PAIN MANAGEMENT IN OA - INTRAARTICULAR INJECTIONS WORKSHOP

Supported by: ABOTT | Time: 12.00 noon – 2.00 pm | Venue: Meeting Room 4

- Paradigm Shift in the Management of OA with focus on new intraarticular injectable steroidal therapy: Dr. Rajesh Gandhi

AUXEIM PELVI ACETABULAR WORKSHOP

Supported by: Auxeim | Time: 2.00 pm – 6.00 pm | Venue: Meeting Room 4

Convener: Dr. Pradip Nemade | Co-conveners: Dr. C. J. Thakkar, Dr. Ashish Phadnis

- Anterior Column Fractures – Approach and Reconstruction (10 Mins)
- Posterior Column Fractures – Approach and Reconstruction (10 Mins)
- Pelvic Disatasis – Approach and Reconstruction (10 Mins)
- Sacral Fracture – Approach and Reconstruction (10 Mins)
- Hands–on Demo with Saw Bone Workshops (2 hours)
Faculty: Dr. Sanjay Dhar, Dr. Pradip Nemade, Dr. Harshad Argekar, Dr. C. J. Thakkar, Dr. Ashish Phadnis

DAY 3 | SATURDAY, MARCH 26, 2022

| TIME | Hall A | Hall B | Hall D | Hall C |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|--------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 08.15 AM - 08.30 AM | REMEMBERING BOS STALWARTS- LOOKING BACKWARD – MOVING FORWARD: Dr. Ram Chaddha, Dr. Swapnil Keny | | | 08:15 AM - 09:10 AM |
| 08.30 AM - 09.15 AM | SYMPOSIUM - “WHAT’S IN WHAT’S OUT WHAT’S NEW IN 2022” HOW MY PRACTICE HAS CHANGED WITH PAST EXPERIENCES? (5 Min each) Conveners: Dr. Samir Dalvie, Dr. Sudhir Warriar Chairpersons: Dr. Ram Chaddha, Dr. Sandeep Patwardhan Limb Reconstruction: Dr. Mangal Parihar Total Hip Arthroplasty: Dr. Harish Bhende Total Knee Replacement: Dr. Arun Mullaji Hand Surgery: Dr. Sudhir Warriar Orthopaedic Oncology: Dr. Manish Agarwal Paediatric Orthopaedics: Dr. Alaric Aroojis Trauma: Dr. D. D. Tanna Spine Surgery: Dr. Samir Dalvie | | | GETTING IT RIGHT IN FIRST TIME* BASIC SPINE SURGERY FOR ORTHOPODS - TIPS AND TRICKS (6 + 2 MINS) Conveners: Dr. Priyank Patel, Dr. Saijyot Raut Chairpersons: Dr. Gautam Zaveri, Dr. Manoj Sharma 1. How to ensure 100 percent success in Disc surgery: Dr. Kalidutta Das 2. Pedicle screw insertion technique - how to get it right 100 percent in first go: Dr. Tarun Dushad 3. Decompression for Lumbar Canal Stenosis - How to ensure guaranteed success: Dr. Appaji Krishnan 4. Spinal Tuberculosis - Posterior Decompression and Fixation - How to make sure you never fail!!: Dr. Ajay Kothari 5. Spinal thoracolumbar Trauma - Dilemmas demystified for everlasting success: Dr. Vikas Tandon 6. Scoliosis Correction Surgery - Minimize Complications, Optimize Outcome: Dr. Bhavuk Garg 7. Endoscopic Discectomy - When, Why and How: Dr. Pramod Lokhande |
| 09.15 AM - 09.30 AM | INAUGURAL SESSION - WIROC 2022 Chairperson: Dr. Sangeet Gawhale, Hon. President, BOS Master of Ceremony: Dr. Swapnil M. Keny, Hon. Secretary, BOS | | | |
| 09.30 AM - 10.30 AM | DR. A. K. TALWALKAR SYMPOSIUM Conveners: Dr. J. Dheenadhayalan, Dr. Vikas Agashe Chairpersons: Dr. D. D. Tanna, Dr. Wasudeo Gadegone “Please don’t take “open fractures with small wounds lightly” 1. Gustilo classification - Does it depend only on wound size? Recent modifications: Dr. P. Velmurugesan 2. Concept of Excision and extension of wound in open fractures: Dr. Devendra Agraharam 3. Is “Ganga score” relevant in open fractures with small wounds: Dr. J. Dheenadhayalan 4. Small wounds with severe bony comminution & muscle damage: Dr. P. Velmurugesan 5. Stabilization - Internal or external - What are the determinants?: Dr. Devendra Agraharam 6. Grade I Open fractures in paediatric age group - Debride or not debride? what is the evidence: Dr. J. Dheenadhayalan | | | |
| 10.30 AM - 11.15 AM | DR. R. J. KATRAK ORATION | | | |

DAY 3 | SATURDAY, MARCH 26, 2022

| TIME | Hall A | Hall B | Hall C | Hall D |
|-----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | Chairperson: Dr. Sangeet Gawhale The legacy of Dr. R. J. Katrak lives on: Dr. Ashok Johari | | | |
| 11.15 AM - 11.30 AM | TEA BREAK | | | |
| 11.30 AM - 12.00 NOON | YOUNG SURGEON'S FORUM Convener: Dr. Harshad Argekar Chairperson: Dr. Rajesh Gandhi Does elevated Mean - Arterial Pressure lead to better outcomes in Degenerative Cervical Myelopathy? - A prospective, randomized control trial: Dr. Ayush Sharma | | | |
| 12.00 NOON - 12.45 PM | PRESIDENTIAL THEME - ADAPT AND EVOLVE - ON TOP OF THE WORLD: DR. ARUNIMA SINHA Conveners: Dr. Vishal Kundnani, Dr. Ashok Shyam Chairperson: Dr. Sangeet Gawhale | | | |
| 12.45 PM - 01.30 PM | LUNCH BREAK | | | |
| 01.30 PM - 02.50 PM | DIAGNOSTIC DILEMMAS IN SPINE PRACTICE Conveners: Dr. Manish Kothari, Dr. Priyank Patel Chairpersons: Dr. Rajveer Chinoy, Dr. Ashok Rathod Speakers: Dr. Satyen Mehta, Dr. S. K. Srivastava, Dr. Manoj Sharma, Dr. Kshitij Chaudhary, Dr. Arvind Goregaonkar 1. Cervical radiculopathy or peri arthritis shoulder?: Dr. Satyen Mehta (7 + 3 Mins) 2. Cervical myelopathy or motor neuron disease?: Dr. S. K. Srivastava (7 + 3 Mins) 3. Not all leg pain is sciatica: Dr. Manoj Sharma (7 + 3 Mins) 4. Timing of THR - Before or after | PELVIS-ACETABULUM SYMPOSIUM Conveners: Dr. Pradip Nemade, Dr. Atul Patil Chairpersons: Dr. Sanjay Dhar, Dr. C. J. Thakkar Speakers: Dr. Raman Umralkar, Dr. Pradip Nemade, Dr. Atul Patil, Dr. Vaibhav Bagaria, Dr. Pranav Shah 1. Recent advances in imaging of acetabular fractures - Adapt and evolve!: Dr. Vaibhav Bagaria 2. High energy versus low energy acetabular fractures - Why so important to know?: Dr. Raman Umralkar 3. Analysis of all-cause mortality is pelvic fracture - What are the implications?: Dr. Atul Patil 4. Open pelvic fractures - Management issues: Dr. Pranav Shah | PERIPROSTHETIC FRACTURE AROUND KNEE Conveners: Dr. Shubhranshu Mohanty, Dr. Sandeep Keliskar Chairpersons: Dr. Aseem Parekh, Dr. Jawahir Pachore Speakers: Dr. Anoop Dhamangaonkar, Dr. Rajesh Dharia, Dr. Mohan Desai, Dr. Nadir Shah, Dr. Sudhir Sharan 1. Supracondylar fracture after TKA -Single plate / Dual plate - When and how?: Dr. Vaibhav Bagaria (10 Mins) 2. Supracondylar fracture after TKA -IMSC nail/ other nails - When & how? Dr. Rajesh Dharia (8 Mins) 3. Supracondylar fracture after TKA - Replacement prosthesis - When & how?: Dr. Mohan Desai (8 Mins) 4. Intra-operative Fracture tibia - | MEDICOLEGAL SCENARIOS Conveners: Dr. Prakash Samant, Dr. Chasanal Rathod Chairpersons: Dr. Sushil Sabnis, Dr. Bharat Kelkar Speakers: Dr. Swapnil M. Keny, Dr. Prakash Samant, Dr. Chasanal Rathod, Dr. Vivek Tilwani, Dr. Santosh Kakade 1. The legislation governing Medicolegal cases - Is it good or could it be better?: Dr. Swapnil M. Keny (5 Mins) 2. Our Defence Systems - Covering all based: Dr. Prakash Samant (5 Mins) 3. The Consumer Protection Act and Medical Profession: Dr. Santosh Kakade (15 Mins) 4. Medical Indemnity - Facts & Myths: Dr. Chasanal Rathod (5 Mins) |

DAY 3 | SATURDAY, MARCH 26, 2022

| TIME | Hall A | Hall B | Hall C | Hall D |
|------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | <p>lumbar spine fusion: Dr. Kshitij Chaudhary (7 + 3 Mins)</p> <p>5. TKR or Decompression for LCS - Which comes first? (7 + 3 Mins)</p> <p>- Spine First: Dr. Arvind Goregaonkar</p> <p>- Knee First: Dr. Sanjay Londhe</p> <p>FREE PAPERS (5 + 1 MIN)</p> <p>1. Effect of mini-open thoracotomy approach on pulmonary function in Lenke type 1 adolescent idiopathic scoliosis patients treated with non-fusion anterior scoliosis correction surgery: Is it detrimental or beneficial?: Dr. Keyur Akbari</p> <p>2. Safety, efficacy, surgical and radiological outcomes of short segment occipital plate and C1-C2 trans articular screw construct for occipito-cervical instability: Dr. Armeya Rangnekar</p> <p>3. Surgical repair for dural leaks causing spontaneous intracranial hypotension - A retrospective single centre analysis: Dr. Nandan Marathe</p> <p>4. Timing of Percutaneous Vertebroplasty in osteoporotic vertebral compression fractures: Dr. Vivek Balakrishna Menon</p> <p>5. Minimally Invasive Oblique Lumbar Interbody Fusion (MIS-OLIF) for Degenerative Lumbar Deformity Correction: Is It Worth It?: Dr. Atif Naseem</p> | <p>5. Challenges in re-do surgeries of Pelvis and acetabulum: Dr. Pradip Nemade</p> <p>6. Case-based Discussion: All Faculty (30 mins)</p> | <p>Prevention & Treatment: Dr. Nadir Shah (8 Mins)</p> <p>5. Patella fracture after TKA - Leave alone or fix it?: Dr. Anoop Dhamangaonkar (8 Mins)</p> <p>6. Case-based Discussion (24 Mins)</p> <p>FREE PAPERS (5 + 1 MIN)</p> <p>1. Is robot-assisted total knee arthroplasty superior to conventional knee arthroplasty in limb alignment and implant positioning?: Dr. Shobit Nitin Deshmukh</p> <p>2. Functional outcome in patients operated with High Tibial medial open wedge osteotomy with HTO fixator in a prospective study: Dr. Sachin Khemkar</p> <p>3. Does postoperative intravenous ferric carboxymaltose hasten the recovery of haemoglobin in patients post total knee arthroplasty?: Dr. Vishal Raina</p> | <p>5. The Role of medical associations/organizations - Is enough being done?: Dr. Vivek Dwivedi (5 Mins)</p> <p>6. You have been Served - What should be done once you are served with a Medico-Legal Notice: Dr. Vivek Tilwani (15 Mins)</p> <p>Discussion (10 Mins)</p> <p>Case-Based Scenarios: (20 Mins)</p> <p>Panellists: Dr. Santosh Kakade, Dr. Vivek Tilwani, Dr. Prakash Samant</p> <p>1. Preparation to prevent Hospital Violence - Will it be possible?</p> <p>2. What to do in a case of inadvertent complication?</p> |

DAY 3 | SATURDAY, MARCH 26, 2022

| TIME | Hall A | Hall B | Hall C | Hall D |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 02.55 PM - 04.15 PM | <p>NEW FRONTIERS IN ARTHROSCOPY</p> <p>Conveners: Dr. Mihir Patel, Dr. Sandeep Biraris</p> <p>Chairpersons: Dr. Abhay Narvekar, Dr. Ankit Marfatia</p> <p>1. Knee: Primary ACL repair - "Will it overhaul reconstruction": Dr. Miten Sheth (7 + 3 Mins)</p> <p>2. Emerging trends in cartilage restoration: Dr. Roshan Wade (7 + 3 Mins)</p> <p>3. Foot - Ankle - "Old wine in a new bottle" - The arthroscopic way: Dr. Abhishek Kini (7 + 3 Mins)</p> <p>4. Meniscus tears - Recent advances in repair and promote healing: Dr. Mihir Patel (7 + 3 Mins)</p> <p>5. Sports rehab - "Fill in the gaps" - Importance of biomechanics, core and adjacent joint: Dr. Kruti Khemani (7 + 3 Mins)</p> <p>6. Bone Marrow edema Syndrome: Dr. Milind Pimprikar (7 + 3 Mins)</p> <p>7. Case-based discussion: All Faculty (8 Mins)</p> <p>FREE PAPERS (5 + 1 MIN)</p> <p>1. A Prospective study to study the short-term outcome following arthroscopic early and late ACL reconstruction using autologous hamstring graft: Dr. Raunak Satia</p> | <p>EVALUATION OF PATHOLOGICAL FRACTURES</p> <p>Conveners: Dr. Chetan Anchan, Dr. Mishil Parikh</p> <p>Chairpersons: Dr. D. D. Shah, Dr. Kiran Bhavnani</p> <p>Speakers: Dr. Manish Agarwal, Dr. Manish Pruthi, Dr. Yogesh Panchwagh, Dr. Ashish Gulia</p> <p>Case-Based Discussion on Management of Path #</p> <ul style="list-style-type: none"> • FD/ABC/GCT • Sarcoma • Lymphoma/Myeloma/Mets <p>(70 Mins)</p> <p>FREE PAPERS: (5 + 1 MIN)</p> <p>1. Technology in tumour surgery: Our early experience with 3D printing: Dr. Ashik Bary</p> <p>2. Non-operative treatment for Extra-abdominal Aggressive Fibromatosis: Dr. Amit Gupta</p> | <p>DAY SCHOOL IN SPINAL IMAGING</p> <p>Conveners: Dr. Abhijit Pawar, Dr. Satyen Mehta</p> <p>Chairpersons: Dr. Rahul Mehta, Dr. Manoj Sharma</p> <p>Speakers: Dr. Ravi Thappar (Radiologist), Dr. Uday Pawar, Dr. Raghu Varma, Dr. Arvind Kulkarni, Dr. Agnivesh Tikoo</p> <p>1. Understanding MRI sequences beyond T1 & T2: Dr. Ravi Thappar (Radiologist) (7 + 3 Mins)</p> <p>2. Functional Spine MRI - Utility & applications: Dr. Uday Pawar (7 + 3 Mins)</p> <p>3. Solitary vertebral collapse - Benign or something more?: Dr. Raghu Varma (7 + 3 Mins)</p> <p>4. QCT or DEXA - Which is better for diagnosing osteoporosis?: Dr. Arvind Kulkarni (7 + 3 Mins)</p> <p>5. Monitoring anti-osteoporotic RX - Clinical / Bone turnover markers / DEXA?: Dr. Agnivesh Tikoo (7 + 3 Mins)</p> <p>FREE PAPERS (5 + 1 MIN)</p> <p>1. Is only anterior stabilization enough in three column injuries of sub-axial cervical spine? A long term retrospective analysis of 78 patients: Dr. Sanjay Puri</p> <p>2. Is Scoliosis correction with O-arm imaging system and Stealth Station Navigation better than Freehand</p> | <p>EMERGING TECHNOLOGIES IN ORTHOPAEDICS</p> <p>Conveners: Dr. Vaibhav Bagaria, Dr. Ashish Phadnis</p> <p>Chairpersons: Dr. Murali Poduval, Dr. Hitesh Kubadia, Dr. Gautam Shetty</p> <p>Speakers: Dr. Ashish Phadnis, Dr. Adarsh Annapareddy, Dr. Vijay Shetty, Dr. Kshitij Chaudhary, Dr. Swapnil Keny, Dr. Vaibhav Bagaria</p> <p>1. The real stuff – What actually works in sphere of Orthobiologics: Dr. Vijay Shetty</p> <p>2. Creating a blueprint for future – 3D printing technologies: Dr. Ashish Phadnis</p> <p>3. The Robots have arrived – How far will we go!: Dr. Adarsh Annapareddy</p> <p>4. Remote patient monitoring and Rehab tools: Dr. Anant Joshi</p> <p>5. Navigation, O-arm and Artificial Intelligence in Spine Surgery: Dr. Shailesh Hadgaonkar</p> <p>6. Orthopaedic Technologies in Academic and research: Dr. Kshitij Chaudhary</p> <p>7. Biomechanical Engineering: Dr. Darshan Shah</p> <p>8. It's a wrap – The landmark development in Orthopaedic technologies 2021: Dr. Vaibhav Bagaria, Dr. Swapnil Keny</p> |

DAY 3 | SATURDAY, MARCH 26, 2022

| TIME | Hall A | Hall B | Hall C | Hall D |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | <p>2. Functional outcome of arthroscopic meniscal root repair: Dr. Maulik Langaliya</p> | | <p>technique: A comparative study: Dr. Abhijit Pawar</p> <p>3. Comparative Study of Accuracy of Thoraco-lumbar Pedicle Screw Insertion Based on Routine Use of Intra-operative Imaging and Navigation between Spine Consultant and Spine fellow: Dr. Shreenidhi Kulkarni</p> <p>4. Cervical facet joint effusion - A sign of instability in cervical degenerative spondylolisthesis: Dr. Shahrukh Pathan</p> <p>5. O arm Navigation in Revision Spine Surgeries: initial experience and learning: Dr. Siddharth Katkade</p> | |
| 04.15 PM - 04.30 PM | TEA BREAK | | | |
| 04.30 PM - 06.00 PM | <p>TRAUMA SESSION INFECTION - INFECTED NON-UNION LONG BONES</p> <p>Convener: Dr. Mangal Parihar</p> <p>Chairpersons: Dr. G. S. Kulkarni, Dr. Chetan Puram</p> <p>1. Infected Non-union – Principles of Treatment & Implant Retention: Dr. Mangal Parihar (7 + 3 Min)</p> <p>2. Role & Importance of Infectious Disease Specialist: Dr. Kirti Sabnis (7 + 3 Min)</p> <p>3. Bone Gaps – Bone Transport: Dr. Mangal Parihar (7 + 3 Min)</p> <p>4. Bone Gaps – Microvascular Fibula:</p> | <p>FOOT & ANKLE SESSION</p> <p>Convener: Dr. Pradeep Moonot</p> <p>Chairpersons: Dr. Sanjay Shinde, Dr. Tribhuvan Jain</p> <p>Speakers: Dr. Sampat Dumbre Patil, Dr. Chetan Pradhan, Dr. Balvinder Rana, Dr. S. M. Ajoy</p> <p>1. Patho-anatomy and diagnosis of Lisfranc injuries: Dr. Chetan Pradhan (7 + 3 Mins)</p> <p>2. Operative techniques for Lisfranc – Screws or plates/fix or fuse?: Dr. Sampat Dumbre Patil (7 + 3 Mins)</p> | <p>HAND SESSION: WRIST FRACTURES</p> <p>Conveners: Dr. Rohan Habbu, Dr. Sudhir Warriar</p> <p>Chairpersons: Dr. Rahul Deshpande, Dr. B. B. Prabhoo</p> <p>Speakers: Dr. Rohan Habbu, Dr. Pankaj Ahire, Dr. Sudhir Warriar, Dr. Abhijeet Wahegaonkar, Dr. Amit Varade</p> <p>1. Understanding X-rays and CT in wrist injuries: Dr. Rohan Habbu (7 + 3 Mins)</p> <p>2. Dorsal Barton fractures: Dr. Pankaj Ahire (7 + 3 Mins)</p> <p>3. Volar rim fractures of the radius: Dr. Sudhir Warriar (7 + 3 Mins)</p> | <p>INJECTION TECHNIQUES IN ORTHO</p> <p>Conveners: Dr. V. T. Ingalthalikar, Dr. Aditya Daftary</p> <p>Chairpersons: Dr. Gautam Tawari, Dr. Sameep Sohoni</p> <p>Introduction: Dr. V. T. Ingalthalikar</p> <p>C-Arm Guided</p> <p>1. Lumbar Spine Intervention: Dr. V. T. Ingalthalikar</p> <p>2. Cervical Spine Interventions: Dr. Laxmi Vas</p> <p>3. Lower Limb Interventions: Dr. Abhishek Kini</p> <p>4. Upper Limb Interventions: Dr. Parag</p> |

DAY 3 | SATURDAY, MARCH 26, 2022

| TIME | Hall A | Hall B | Hall C | Hall D |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | <p>Dr. Akshay Deshpande (7 + 3 Min)</p> <p>5. Case Discussion (3 cases): Faculty (20 Min)</p> <p>FREE PAPERS (5 + 1 MIN)</p> <p>1. A comparative study of functional outcomes of fractures treated with plating versus conservative for complex proximal humerus fractures in elderly: Dr. Batsal Gupta</p> <p>2. Infected gap non-union of both bones of leg - Comparative analysis of bone transport and Masquelet techniques: Dr. Pankaj Sharma</p> <p>3. Masquelet Technique for Treatment of post traumatic Bone Defects in a compound tibia shaft fracture - A case study of 11 patients: Dr. Vivek Chavan</p> | <p>3. Missed Lisfranc – How do I manage them?: Dr. Pradeep Moonot (7 + 3 Mins)</p> <p>4. Fracture base 5th metatarsal – Should I fix them all?: Dr. Balvinder Rana (7 + 3 Mins)</p> <p>5. Metatarsal neck fractures – When and how to fix?: Dr. S. M. Ajoy (7 + 3 Mins)</p> <p>Case Discussion (30 Mins)</p> | <p>4. Managing Malunited distal radius fractures: Dr. Abhijeet Wahegaonkar (7 + 3 Mins)</p> <p>5. Ulnar Styloid fractures: Dr. Amit Varade (7 + 3 Mins)</p> <p>Case Discussion: All Faculty (16 Mins)</p> <p>FREE PAPERS (5 + 1 MIN)</p> <p>1. Functional outcome following percutaneous Herbert screw fixation in Scaphoid Fracture: Dr. Gourav Pawar</p> <p>2. Evaluation of Elderly Patients with distal end radius Fracture managed conservatively in terms of functional outcomes and its relationship with Radiological Parameters: Dr. Ketan Mahesh Naik</p> <p>3. Functional and radiological outcome of extra-articular distal end radius fracture in patients, closed reduction antegrade intramedullary k-wires versus closed reduction cross k-wires (Retrograde): Dr. Nischay K. K.</p> <p>4. Assessment of an indirect technique using MRI to predict the length of screw used for fixation of scaphoid fractures: Dr. Rudra Prabhu</p> | <p>Lad</p> <p>5. USG Guided Interventions in Upper Limb: Dr. Rajas Chaubal</p> <p>6. USG Guided Interventions in Lower Limbs: Dr. Ankita Ahuja</p> <p>7. CT Guided Interventions in Orthopaedics: Dr. Aditya Daftary</p> <p>8. Chronic Knee Pain Management using Interventional Cooled Radiofrequency treatment: Dr. Naresh Hanagodu</p> <p>Discussion</p> |
| 06.00 PM - 07.30 PM | <p>Meeting Room 1</p> <p>ICL: INTRA-ARTICULAR TIBIAL PLATEAU FRACTURE</p> <p>Conveners: Dr. Swapnil Kothadia, Dr. Chetan Pradhan, Dr. Ashish Phadnis, Dr. Abhijit Kale, Dr. Chetan Puram</p> | <p>Meeting Room 2</p> <p>ICL: CLAVICLE - END TO END</p> <p>Conveners: Dr. Wasudeo Gadegone, Dr. R. M. Chandak, Dr. Dipit Sahu, Dr. Prasad Bhagunde</p> | <p>Meeting Room 3</p> <p>ICL: SPINAL TRAUMA</p> <p>Conveners: Dr. Gautam Zaveri, Dr. Sandeep Sonone, Dr. Shailesh Hadgaonkar, Dr. Bhavuk Garg</p> | <p>Meeting Room 4</p> <p>ICL: PAEDIATRIC SUPRACONDYLAR HUMERUS FRACTURE</p> <p>Conveners: Dr. Sandeep Patwardhan, Dr. Mandar Agashe, Dr. Chintan Doshi, Dr. Binoti Sheth</p> |
| 07.30 PM ONWARDS | <p>ENTERTAINMENT PROGRAM - MUMBAIYA NIGHT</p> | | | |

DAY 4 | SUNDAY, MARCH 27, 2022

| TIME | Hall A | Hall B | Hall D | Hall C |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|--------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 08.15 AM - 09.00 AM | <p>BEST VIDEO SESSION: 6 X 5 Conveners: Dr. Taral Nagda, Dr. Abhay Nene Chairpersons: Dr. Shubhranshu Mohanty, Dr. Jawahar Jethwa, Dr. C. T. Shah</p> <ol style="list-style-type: none"> 1. Closed reduction and arthrogram for DDH: Dr. Taral Nagda 2. Kaplan's volar approach for complex metacarpophalangeal dislocation of the index finger: Dr. Sachin Khemkar 3. Dorsal approach to proximal radius fractures - Thompson Approach: Dr. Mrinal Kambli 4. Novel technique of coronoid fracture fixation through pull through sutures: Dr. Rishabh Tripathi 5. Single tunnel double bundle like footprint enhancing ACL Reconstruction: Dr. Mukesh Laddha | | | <p>FREE PAPER SESSION (5 + 1 MIN) Conveners: Dr. Siddharth Aiyer, Dr. Pramod Bhilare Chairpersons: Dr. Sachin Kale, Dr. Amin Momin</p> <ol style="list-style-type: none"> 1. Patterns of spinal pain associated with COVID-19 – Lessons learnt over 216 patients in a tertiary care centre: Dr. Nihal Dubey 2. Correlation between lower back pain and psychological distress in tertiary care centre: Dr. Dipen Ariwala 3. An observational study to evaluate feasibility of 5/ 7 o' clock facet entry lumbar pedicle screw insertion: An alternative to intersection technique in a Tertiary care hospital: Dr. Kevin Jain 4. SONOPET versus traditional decompression - An analysis of complication rates in cervical myelopathy: Dr. Harsh Agrawal 5. Incidence and Outcome Analysis for Code Blue Events at A Tertiary Care Orthopaedic Specialty Centre: Dr. Raghav Karande 6. To study the comparative analysis of clinical outcomes of patients operated for thoraco-lumbar fractures and lumbar fractures: Dr. Vinay Mahale 7. Tubular Discectomy versus Conventional Microdiscectomy for the Treatment of Lumbar Disc Herniation - A Comparative Study: Dr. Sameer Ruparel 8. Clinico-Radiological Efficacy of Posterior Instrumentation, Decompression and Transpedicular Bone Grafting in Osteoporotic Burst Fracture Associated with Neurological Deficit: Dr. Mani Kant Anand |
| 09.00 AM - 10.30 AM | <p>DR. K. S. MASALAWALA BEST PAPER SESSION Chairpersons: Dr. S. K. Srivastava, Dr. Swapnil Keny</p> <ol style="list-style-type: none"> 1. The significance of lateral wall involvement in a large series of unstable intertrochanteric femur fracture when fixed with Proximal Femoral Nail Anti-Rotation (PFNA2): Dr. Rishabh Tripathi 2. Do ACL reconstruction outcomes with hamstring autografts depend on percentage of native ACL tibial footprint area restored?: Dr. Jenil Patel 3. Infection - Can we avoid the disaster of “No Growth” on culture?: Dr. Aditya Menon 4. Arthroplasty - Improvement in Sleep Quality after Total Knee Arthroplasty (TKA) and its Association with the Functional Outcome: Dr. Nirali Mehta | | | |

DAY 4 | SUNDAY, MARCH 27, 2022

| TIME | Hall A | Hall B | Hall D | Hall C |
|-----------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | | | | <p>5. Simulated weight-bearing 3D CT Scan makes a difference in the planning for computer-assisted correction of Genu Valgum using patient-specific 3D printed guide: Dr. Taral Nagda</p> <p>6. Is it not imperative to have a precise estimate of the burden of spinal osteoporosis for an individual and the community at large? Recommendations to designate quantitative-CT (Q-CT) to be the gold standard for detecting spinal osteoporosis: Dr. Sharvari Gunjotikar</p> |
| 10.30 AM - 11.15 AM | <p>DR. K. T. DHOLAKIA EPONYMOUS LECTURE - NOVEL COMPUTER SIMULATION APPROACHES TO OPTIMISE TREATMENT OF FRACTURE</p> <p>Chairperson: Dr. Rujuta Mehta Speaker: Dr. Pankaj Pankaj</p> | | | |
| 11.15 AM - 11.45 AM | <p>SURGEONS' FORUM</p> <p>Functional and radiological outcomes after the Iliac crest procedure: Dr. Dipit Sahu Chairpersons: Dr. Anand Thakur, Dr. Satish Mutha</p> | | | |
| 11.45 AM - 12.00 NOON | <p>BOS - RECOGNITION OF PUBLICATIONS & BOOK AWARD</p> <p>Master of Ceremonies: Dr. Swapnil M. Keny Chairperson: Dr. Sangeet Gawhale</p> | | | |
| 12.00 NOON - 12.50 PM | <p>BEST PUBLISHED PAPERS SESSIONS (PRESENTATION 4 MINS + Q&A 1 MIN)</p> <p>Chairpersons: Dr. Anand Thakur, Dr. Aseem Parekh, Dr. V. T. Ingalhalikar</p> <ol style="list-style-type: none"> Validation of an on-screen application-based measurement of shoulder range of motion (ROM) over telehealth medium: Dr. Sana Shaikh Functional and Radiological Outcomes Following Calcaneo-Cuboid-Cuneiform Osteotomy for the Treatment of Planovalgus Feet: A Short-Term Analysis: Dr. Mandar Agashe Incidence of Dural Tears in Open versus Minimally Invasive Spine Surgery: A Single-Center Prospective Study: Dr. Atif Naseem Congenital Posteromedial Bowing of Tibia: Comparison of Early and Late Lengthening: Dr. Ishani Chaudhary Prospective Randomized Control Pilot Study to Compare the Role of Injection Cerebrolysin in Operated cases of Degenerative Cervical Myelopathy: Dr. Santoshkumar Subramanian Geometric analysis of the humeral head and glenoid in the Indian population and its clinical significance: Dr. Dipit Sahu Efficacy of Anterior Vertebral body Tethering in skeletally mature children with adolescent idiopathic scoliosis: A preliminary report: Dr. Keyur Akbari | | <p>INTERESTING CASE SESSION 1 (4 + 1 MIN)</p> <p>Conveners: Dr. Abhishek Nerulkar, Dr. Akshay Kekatpure Chairpersons: Dr. D. D. Shah, Dr. Gaurav Kanade</p> <ol style="list-style-type: none"> Rare case of Gaucher's Disease presenting as a solitary swelling of the proximal tibia mimicking a musculoskeletal tumor in an adult: Dr. Abhishek Rai GCT of Lateral End Clavicle - Common Tumour with Rare Site: Dr. Girish Mote Unicameral bone cyst of calcaneum managed by open curettage and amalgamation of autograft and allograft - A Case Report and review of literature: Dr. Stavan Amin Staged treatment of an infected non-union of distal femur: Dr. Siddharth Yadav Giant cell tumor of the 2nd metatarsal and Management – A rare case report: Dr. Kunal Chaudhari | |

DAY 4 | SUNDAY, MARCH 27, 2022

| TIME | Hall A | Hall B | Hall D | Hall C |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|--------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | <p>8. Gene Xpert / MTB RIF assay for spinal tuberculosis - Sensitivity, specificity and clinical utility: Dr. Siddharth Aiyer</p> <p>9. Surgical outcomes of single-stage surgery for Tandem Spinal Stenosis (TSS) in elderly and younger patients - A comparative study: Dr. Saijyot Raut</p> <p>10. "Spine Surgery Checklist" - A Step towards Perfection through Protocols: Dr. Jwalant Patel</p> | | | <p>6. Median end of clavicle Giant cell tumor encasing the vital structures around the neck - Report of a case treated with En-bloc excision: Dr. Vivek Chavan</p> <p>7. Management of Non-Union of Subtrochanteric Femur following Implant failure in a young female with Osteopetrosis: Dr. Pritam Talukder</p> <p>8. A Novel technique of inside out circumferential compression suture repair of Meniscal tears and its outcomes: Dr. Nischay K. K.</p> <p>9. A rare case of an expansile spinopelvic aneurysmal bone cyst managed with embolization, excision, and fusion: Dr. Rudra Prabhu</p> <p>10. Chronic Osteomyelitis of Ilium in a Female Health Care Worker: Dr. Kevin Jain</p> |
| 12.50 PM - 02.00 PM | <p>BEST CASE PRESENTATION / INNOVATIVE IDEA SESSION (PRESENTATION 3 MINS + DISCUSSION 3 MINS)</p> <p>Conveners: Dr. Taral Nagda, Dr. Abhay Nene Chairpersons: Dr. Navin Thakkar, Dr. Rajesh Gandhi</p> <p>1. Fracture Neck Talus - Treated by distractor assisted fixation: Dr. Srinivas Reddy</p> <p>2. A Case Report - ART induced pathological multiple fractures in a young female with HIV infection: Dr. Subith Sudharsanan</p> <p>3. Atraumatic bilateral acetabular fractures with posterior dome impaction induced by an epileptic seizure - A unique case: Dr. Pratik Tawri</p> <p>4. CT guided biopsy and Gene Xpert Ultra can be deceptive in infectious spondylodiskitis - A case report of mimic spondylodiskitis: Dr. Abhijit Pawar</p> <p>5. High Trifurcation of the Radial Nerve in the spiral groove: Dr. Manan Shah</p> <p>6. Iatrogenic aneurysm of the internal iliac artery - A rare vascular complication associated with S2AI screw: Dr. Nandan Marathe</p> <p>7. Intramedullary spinal cord abscess mimicking intramedullary spinal cord tumour: "A Phantom Tumor": Dr. Siddharth Katkade</p> | | | <p>INTERESTING CASE SESSION 2 (4 + 1 MIN)</p> <p>Conveners: Dr. Kunal Shah, Dr. Sarang Deshpande Chairpersons: Dr. Neeraj Vora, Dr. Rajveer Chinoy</p> <p>1. Medial third clavicular tuberculosis in a 41 year old male mimicking osteoid osteoma - Great mimicker: Dr. Ravikumar Patel</p> <p>2. Terrible Triad Injury-Elbow: Dr. Avinash Mahale</p> <p>3. Less invasive modified O-arm navigated Delta fixation in osteoporotic high grade spondylolisthesis - "A LIMO Delta technique": Dr. Siddharth Katkade</p> <p>4. Rare Case of a Solitary Bone Plasmacytoma of the Proximal Femur Managed with Surgery and Adjuvant Chemotherapy: Dr. Aniket Wankhede</p> <p>5. Heterotrophically ossified Cleidocranial bar causing fixed rigid Torticollis and Atlantoaxial subluxation in a seven year old girl after two failed surgeries - management and outcome: Dr. Nihal Dubey</p> <p>6. Open Arthrolysis in a case of Post-traumatic Elbow</p> |

DAY 4 | SUNDAY, MARCH 27, 2022

| TIME | Hall A | Hall B | Hall D | Hall C |
|---------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|--------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | <p>8. Monteggia fracture associated with proximal and distal radioulnar joint disruption - A rare case report: Dr. Tapas Mohanty</p> <p>9. Subacute bacterial infection mimicking slipped capital femoral epiphysis (SCFE) in an obese paediatric child: Dr. Nihar Modi</p> <p>10. Spontaneous bilateral femoral neck fracture in nutritional rickets: Dr. Siddhart Yadav</p> <p>11. Terrible than Terrible triad elbow - Dislocation with Vascular and Severe soft tissue injury: Dr. Abhishek Shinde</p> | | | <p>Ankylosis of 10 years duration secondary to the intraarticular distal humerus and proximal ulna malunion with superadded osteomyelitis - A case report and review of the literature: Dr. Ravikumar Patel</p> <p>7. Non Fusion Anterior Scoliosis Correction (NFASC) for double sided Adolescent Idiopathic Scoliosis (AIS) curves in Skeletally Mature children: Clinico-Radiological outcomes with 2 years follow up: Dr. Keyur Akbari</p> <p>8. A rare case of extensive diffuse pigmented villonodular synovitis of flexor tendon sheath presenting as Carpal tunnel syndrome: Dr. Akash Sahu</p> <p>9. Tibial Avulsion with Intra-Articular Entrapment of Medial Collateral Ligament with Posterior Cruciate Ligament Tear with Posterior Root Medial Meniscus Tear: A Case Report of an Unusual Injury Triad: Dr. Sarthak Walia</p> <p>10. Hibernoma, a rare brown fatty tumour around shoulder joint - a case report: Dr. Sachin Khemkar</p> <p>11. Management of chronic neglected scaphoid-capitate syndrome- unusual presentation with degenerative changes: Dr. Parag Lad</p> <p>12. Lipoma Arborescence: Case Study of a Rare Lipomatosis: Dr. Nishant Shivade</p> <p>13. Total hip replacement with plating for distal femur shaft non-union in a case of below knee amputation – A rare case: Dr. Mrinal Kambli</p> <p>14. Isolated Schwannoma in second Lumbar vertebra: a case report: Dr. Sagar Khairnar</p> |
| 01.45 PM - 02.00 PM | <p>MEET THE CHAMPIONS: MR. NEERAJ CHOPRA / MS. AVNI LEKHARA / MR. SONU SOOD / MR. I. S. CHAHAL / MR. GAUTAM BHANSALI</p> <p>VALEDICTORY</p> <p>Conveners: Dr. Vishal Kundnani, Dr. Ashok Shyam Chairperson: Dr. Sangeet Gawhale</p> | | | |
| 02.00 PM | <p>LUNCH</p> | | | |

DAY 4 | SUNDAY, MARCH 27, 2022

| TIME | Hall A | Hall B | Hall C | Hall D | Meeting Room 3 |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 02.00 PM - 04.00 PM | <p>WIROC GLOBAL NATIONAL OUTREACH: NORTH ZONE IOA</p> <p>Chairpersons: Dr. Sanjeev Gupta (NOA), Dr. Sunil Shahane (BOS)</p> <p>BOS Moderators: Dr. Satish Mutha, Dr. Abhijit Kale</p> <p>Guest Society Moderators: Dr. Harpal Selhi, Dr. Aditya Bharadwaj</p> <p>Long Bone Fracture Non-union / Infections</p> <p>Masquelet Technique - As we understand today: Dr. Mohd Faarooq Butt (10 + 2 Mins)</p> <p>How to manage bone gap following gap non-union: Dr. Abhijit Kale (10 + 2 Mins)</p> <p>Management of proximal tibia non-union: Dr. Vivek Trikha (10 + 2 Mins)</p> <p>Infected IM Nail - Algorithm based management: Dr. Jawahar Panjwani: (10 + 2 Mins)</p> <p>Distal humerus non-union: Dr. Pankaj Mahindra (10 + 2 Mins)</p> <p>Non-union both bones forearm: Dr. Sandeep Gupta (10 + 2 Mins)</p> <p>Case Presentations / Discussions / Q&A: Dr. Sunil Shahane & other faculty (30 Mins)</p> | <p>WIROC GLOBAL NATIONAL OUTREACH: WEST ZONE IOA</p> <p>Chairpersons: Dr. Ajit Shinde (WZ-IOA), Dr. Rajesh Gandhi (BOS), Dr. Vikash Jain (WZ-IOA)</p> <p>BOS Moderators: Dr. Ashish Phadnis, Dr. Anoop Dhamangaonkar</p> <p>BOS Chairperson: Dr. Rajesh Gandhi</p> <p>Guest Society Moderator: Dr. Navin Thakkar</p> <p>Trauma Complications - What did I learn from mistakes?</p> <p>Faculty: Dr. D. D. Tanna, Dr. Dhaval Desai, Dr. Sunil Kulkarni, Dr. Ajit Shinde, Dr. Kartik Patel, Dr. Ram Chaddha, Dr. Kamlesh Devmurari, Dr. S. M. Bandekar, Dr. B. Shivashankar, Dr. Wasudeo Gadegone, Dr. N. J. Karne, Dr. Jawahar Jethwa</p> | <p>WIROC GLOBAL NATIONAL OUTREACH: OASIS - SOUTH ZONE IOA</p> <p>Chairpersons: Dr. Raghava Dutt (OASIS), Dr. Eknath Pawar (BOS)</p> <p>BOS Moderators: Dr. Harshad Argekar, Dr. Sandeep Biraris</p> <p>Guest Society Moderator: Dr. Aneen Kutty</p> <p>Fractures around Shoulder Girdle Operative indications for Scapula fractures</p> <p>Case 1: Extra articular displaced #: Dr. Ram Chidambaram</p> <p>Case 2: Intra articular # Glenoid Evidence based discussion: Dr. Mihir Patel</p> <p>Case 3: Displaced # lateral end of clavicle – Neglected What went wrong: Dr. Deepthi Nandan</p> <p>Case 4: Chronic AC joint disruption Management methods and Evidence: Dr. Sandeep Biraris</p> <p>Case 5: 4 part # proximal humerus in young patient: Dr. Pradip Nemade</p> <p>Case 6: 4 part # proximal # in elderly - To fix or replace: Dr. K. N. Subramanian</p> | <p>WIROC GLOBAL NATIONAL OUTREACH: CENTRAL ZONE IOA</p> <p>Chairpersons: Dr. D. P. Bhushan (CZ-IOA), Dr. Rujuta Mehta (BOS)</p> <p>BOS Moderators: Dr. Mandar Agashe, Dr. Atul Bhaskar, Dr. Tushar Agarwal</p> <p>Guest Society Moderator: Dr. A. Yadav</p> <p>Guest Society Chairperson</p> <p>Paediatric Trauma - Paediatric Long Bone Fractures</p> <p>Fracture shaft humerus in children - Is it always conservative?: Dr. Jayant Sen (8 + 2 Mins)</p> <p>Fracture Both Bone forearm in children - How best to achieve union without deformity?: Dr. Panag Bhushan (8 + 2 Mins)</p> <p>Monteggia fracture in children - How to keep the radial head in?: Dr. C. P. Pal (8 + 2 Mins)</p> <p>Femoral shaft fractures in pre-school children (0-5 years): Dr. Pawan Barnwal (8 + 2 Mins)</p> <p>Discussion: (10 Mins)</p> <p>Femoral shaft fractures in</p> | <p>WIROC GLOBAL NATIONAL OUTREACH: NEROSA</p> <p>Chairpersons: Prof. Ch. Arun Kr Singh (NEROSA), Prof. Mohan Desai (BOS), Prof. G. S. Borgohain (NEROSA)</p> <p>BOS Moderators: Dr. Girish Dewnany, Dr. Jay Shah</p> <p>Guest Society Moderator: Dr. Chinmoy Das</p> <p>Fractures around Hip Contralateral reverse DFLCP - A variable option of fixation in unstable IT# femur: Asso. Prof. M. Gayan</p> <p>Modified Pauwel's Osteotomy in Delayed and Non-Union # NOF in Adolescents: Prof. C. Das (10 + 2 Mins)</p> <p>Comparison of parallel screws and Biplane Double supported screw fixation in Displaced # NOF: Asso. Prof. J. P. Baruah (10 + 2 Mins)</p> <p>Hips don't Lie - or they do? Paediatric perspective: Dr. S. Dey (Consultant)</p> <p>The Cemented Femoral stem in Arthroplasty post Intracapsular #NOF - Still the GOLD Standard?: Dr. Jay Shah (10 + 2 Mins)</p> |

DAY 4 | SUNDAY, MARCH 27, 2022

| TIME | Hall A | Hall B | Hall C | Hall D | Hall E |
|------|--------------------------------------------|--------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | <p>Vote of Thanks: NOA / BOS Secretary</p> | | <p>Surgical techniques</p> <p>Short presentation on "tips and tricks" - Screw Nail for Calvicle: Dr. Wasudeo Gadegone</p> <p>Perfect placement of PHILOS plate: Dr. Papa Rao Bezavada</p> <p>Coraco clavicular fixation: Dr. Harshad Argekar</p> <p>Approach to inferior glenoid: Dr. Prathap Kumar</p> | <p>young children and adolescents: (5-15 years): Dr. Pradeep Chaudhary (8 + 2 Mins)</p> <p>Management of open tibia fibula fracture: Dr. Alok Agrawal (8 + 2 Mins)</p> <p>Uncommon fractures around the distal humerus and the elbow: Dr. Gopendra Dixit (8 + 2 Mins)</p> <p>Case Presentations / Discussions / Q&A: Dr. Mandar Agashe, Dr. Tushar Agarwal, Dr. Atul Bhaskar (30 Mins)</p> <p>Vote of Thanks: BOS / CZ-IOA Secretary</p> | <p>Arthroplasty in Extracapsular Proximal Femoral Fractures - When, How & Why?: Dr. Girish Dewnany (10 + 2 Mins)</p> <p>Case Presentations / Discussions / Q&A: Prof. Mohan Desai & other faculties (30 Mins)</p> <p>Vote of Thanks: BOS / NEROSA Secretary</p> |

NON-RESIDENTIAL PACKAGE

| CATEGORY | 16 th Feb. to 15 th March 2022 | Late and spot |
|---------------------|------------------------------------------------------|---------------|
| BOS MEMBER | 16,000/- | 17,000/- |
| BOS NON-MEMBER | 17,000/- | 18,000/- |
| PG STUDENT* | 13,000/- | 14,000/- |
| ACCOMPANYING PERSON | 13,000/- | 14,000/- |

The above package includes:
 Conference Registration Fees + Lunch on Friday, Saturday & Sunday (25th to 27th March, 2022) + Conference Dinner on Friday (25th March, 2022) + Gala Banquet Dinner on Saturday (26th March, 2022) + Visit to Trade Exhibition & Conference Gift.
 *Certificate from HOD is mandatory

RESIDENTIAL PACKAGES - 2 NIGHTS / 3 DAYS

(Check-in: 25th March, 2022 | Check-out: 27th March, 2022)

| CATEGORY | 16 th Feb. to 15 th March 2022 | Late and spot |
|-------------------------------|------------------------------------------------------|---------------|
| BOS MEMBER (TWIN SHARING) | 21,000/- | 22,000/- |
| BOS NON-MEMBER (TWIN SHARING) | 22,000/- | 23,000/- |
| BOS MEMBER (SINGLE ROOM) | 32,000/- | 33,000/- |
| BOS NON-MEMBER (SINGLE ROOM) | 33,000/- | 34,000/- |
| ACCOMPANYING PERSON | 19,000/- | 20,000/- |

The above package includes:
 Room at Renaissance Mumbai Convention Centre Hotel, Powai (Check-in: 3.00 pm | Check-out: 12.00 noon) + Conference Registration Fees + Breakfasts on Saturday & Sunday (26th to 27th March, 2022) + Lunches on Friday, Saturday & Sunday (25th to 27th March, 2022) + Conference Dinner on Friday (25th March, 2022) + Gala Banquet on Saturday (26th March, 2022) + Visit to Trade Exhibition + Conference Gift

RESIDENTIAL PACKAGES - 3 NIGHTS / 4 DAYS

(Check-in: 24th March, 2022 | Check-out: 27th March, 2022)

| CATEGORY | 16 th Feb. to 15 th March 2022 | Late and spot |
|-------------------------------|------------------------------------------------------|---------------|
| BOS MEMBER (TWIN SHARING) | 27,000/- | 28,000/- |
| BOS NON-MEMBER (TWIN SHARING) | 28,000/- | 29,000/- |
| BOS MEMBER (SINGLE ROOM) | 41,000/- | 42,000/- |
| BOS NON-MEMBER (SINGLE ROOM) | 42,000/- | 43,000/- |
